Although everything has been done to ensure accuracy of this information, LDARD takes no responsibility for actions or losses that might occur due to the use of the information.

CABBAGE DOWN

Prices decreased by 41,88% to R2040/ton due to increase in volumes, however this trend is expected to level out in the short term, supported by sufficient supplies and demand.

CARROTS UP

Prices decreased by 26,20% to R3110/ton. Prices are, however, expected to slightly decline until the end of July where larger volumes may provide stability.

ONIONS DOWN

Prices decreased by 49,40% to R8140/ton. Increasing stock level has led to the current onion price which may normalise or level-out in the short-term.

POTATOES DOWN

Prices decreased by 54,43% to R3960/ton. Volumes are expected to level out and then rise, following seasonal trends and supported by reasonable demand.

TOMATOES UP

Prices increased by 13,43% to R7830/ton. Prices are expected to level-out and possibly move further downwards as supplies improves.
