Although everything has been done to ensure accuracy of this information, LDARD takes no responsibility for actions or losses that might occur due to the use of the information.

CABBAGE UP

Prices increased by 22,79% to R3510/ton due to a decrease in volumes, however this trend is expected to level out in the short term, supported by sufficient supplies and demand.

CARROTS DOWN

Prices decreased by 13,74% to R4520/ton. Prices are, however, expected to decline until June where larger volumes may stabilise the price.

ONIONS DOWN

Prices decreased by 6,11% to R7530/ton. Rising stock level has led to this decrease in the onion

market. The price may normalise as volumes stabilise.

POTATOES UP

Prices increased by 5,44% to R5230/ton. Volumes are expected to level out and then rise, following seasonal trends and supported by lower volumes.

TOMATOES UP

Prices increased by 2,69% to R8010/ton. It is anticipated that prices may move sideways to downwards in line with seasonal trends.
