Although everything has been done to ensure accuracy of this information, LDARD takes no responsibility for actions or losses that might occur due to the use of the information.

CABBAGE DOWN

Prices decreased by 76,31% to R3470/ton due to a decrease in volumes, however this trend is expected to level out in the short term, supported by sufficient supplies and demand.

CARROTS DOWN

Prices decreased by 19,92% to R6310/ton. Prices are, however, expected to decline until June where larger volumes may stabilise the price.

ONIONS UP

Prices increased by 7,14% to R15450/ton. Low stock level has led to the current onion price which

may likely normalise or level-out as volume increases towards June.

POTATOES UP

Prices increased by 0,32% to R6230/ton. Volumes are expected to level out and then rise, following seasonal trends and supported by lower volumes.

TOMATOES DOWN

Prices decreased by 9,58% to R6980/ton. Prices are expected to increase slightly in the short-term and level-out in the medium term due to lower supplies.
