Although everything has been done to ensure accuracy of this information, LDARD takes no responsibility for actions or losses that might occur due to the use of the information.

CABBAGE DOWN

Prices decreased by 7,42% to R2120/ton due to increase in volumes, however this trend is expected to level out in the short term, supported by sufficient supplies and demand.

CARROTS UP

Prices increased by 1,18% to R3410/ton. Prices are, however, expected to slightly decline until end of July where larger volumes may stabilise the price.

ONIONS UP

Prices increased by 115,96% to R7710/ton. Increased stock level has led to the current onion price which may normalise or level-out as demand increases.

POTATOES UP

Prices increased by 7,98% to R9870/ton. Volumes are expected to level out and then rise, following seasonal trends and supported by lower volumes.

TOMATOES UP

Prices increased by 15,27% to R11020/ton. Prices are expected to level-out in the short to medium term due to lower supplies.
