BID NO: ACDP 23/14

CLOSING DATE: 29/01/2024 at 11H00

TERM CONTRACT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

Tenders are hereby invited for a Term Contract for the Construction of Fences and Animal Handling Facilities in the Limpopo Province. **Bidders who have 4ME/4EB or higher CIDB grading are targeted for this bid.**

Tender documents will be obtainable from the departmental website: www.ldard.gov.za. Bid documents must be printed and bound in the order/sequence/numbering provided. No omission of pages/ documents will be allowed.

Duly completed tenders enclosed in a sealed envelope marked “**BID FOR: TERM CONTRACT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS, BID NO.: ACDP 23/14, CLOSING DATE: 29 January 2024**” with the name of the Bidder, shall be deposited in the clearly marked tender box provided at the Limpopo Department of Agriculture and Rural Development, Temo Towers Building, 69 Biccard Street, Polokwane before **11h00** on the closing date. The tenders will be opened in public. Telegraphic, telephonic, telex, facsimile, e-mail and late tenders will not be accepted.

A preferential point system shall apply whereby a contract will be allocated to a tenderer in accordance with the Preferential Procurement Policy Framework Act, Act No 5 of 2000 and as defined in the Conditions of Tender in the tender document, 10 points in respect of targeted goals and 90 points in respect of price. Tenderers must have the necessary skills, experience and capacity to perform the required work.

T1.2. TENDER DATA

The Conditions of Tender in the Standard Conditions of Tender as contained in Annex F of CIDB Standard Uniformity in Construction Procurement. (See www.cidb.org.za) which are reproduced without amendment or alteration for the convenience of Tenderers in this Tender in the section T1.3 of the Tender Data.

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this Tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender. Each item of Tender Data given below is cross-referenced to the relevant clause in the standard Conditions of Tender.

F.1.1 The Employer for this Contract is: **Limpopo Department of Agriculture and Rural Development**

F.1.2 **Tender Documents**

The Tender Document consists of the following:

TENDER

T1: Tendering Procedures

- T1.1: Tender Notice and Invitation to Tender
- T1.2: Tender Data

T2: Returnable Documents

- T2.1: List of Returnable Documents
- T2.2: Returnable schedules

CONTRACT

Part 1: Agreements and Contract Data

- C1.1: Form of Offer and Acceptance

- C3.1: Standard Specifications
- C3.2: Project Specifications
- C3.3: Particular Specifications

Part 4: Site Information

- C4.1: Locality Plan
- C4.2: Construction Notice Board

DRAWINGS

Drawings are bound in this document.

The Tender Document and the drawings shall be obtained from the Employer or his authorized representative at the physical addresses stated in the Tender Notice, upon payment of the deposit stated in the Tender Notice.

F.1.4 The Employer's agent is:

Name : Mr DE Sibuyi

Address: **Limpopo Department of Agriculture & Rural development**
Private Bag X9676
Polokwane
0970

Tel: 015 294 3000
Cell: 079 8954 313
Email: sibuyide@gmail.com

F.1.5 The Employer's right to accept or reject any Tender Offer

The Employer may accept or reject any variation, deviation, Tender Offer, or alternative Offer, and may cancel the Tender process and reject all Tender Offers at any time before the formation of a Contract. The Employer shall not accept or incur any liability to a Tenderer for such cancellation and rejection, but will give written reasons for such action upon written request to do so. The Employer will reserve the right to appoint more than one (1) bidder.

F.2.1 Eligibility

A Tenderer will not be eligible to submit a Tender if:

- (a) The Contractor submitting the Tender is under restrictions or has principals who are under restriction to participate in the Employer's procurement due to corrupt or fraudulent practices;
- (b) The Tenderer does not have the legal capacity to enter into the Contract;
- (c) The Contractor submitting the Tender is insolvent, in receivership, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of the foregoing;
- (d) The Tenderer does not comply with the legal requirements stated in the Employer's procurement policy;
- (e) The Tenderer cannot demonstrate that he possesses the necessary professional and technical qualifications and competent, financial resources, equipment and other physical facilities, managerial capability, personnel, experience and reputation to perform the Contract;
- (f) The Tenderer cannot provide proof that he is in good standing with respect to duties, taxes, levies and contributions required in terms of legislation applicable to the work in the Contract.
- (g) Only those Tenderers who have in their employ management and supervisory staff satisfying the requirements of the Scope of Work for Labour Intensive Competencies for supervisory and management staff are eligible to submit Tenders.
- (h) Only those Tenderers who are registered with the CIDB as defined in the Regulations 09 June 2004 and 22 July 2005, in terms of the CIDB Act No 38 of 2000, or are capable of being so prior to the evaluation of submissions, in a Contractor grading designation equal to or higher than a Contractor grading designated determined in accordance with the Sum Tendered for a **4ME/4EB or higher** class of construction work, are eligible to submit Tenders.
- (i) The Contractor submitting the Tender is not registered on the Central Supplier Database

Joint Ventures are eligible to submit Tenders provided that:

1. every member of the Joint Venture is registered with the CIDB;
2. the lead partner has a Contractor grading designation **4ME/4EB or Higher** class of construction; and
3. the combined Contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a Contractor grading designation determined in accordance with the sum Tendered for a **4E/4EB or Higher** class of construction work

F.2.7 Site visit and clarification meeting

There will be a Compulsory Site Inspection, on **10 January 2024 at 10h00** on site.

F.2.10 Pricing the Tender Offer

(a) Value Added Tax

- The Valued Added Tax (VAT) rate shall be 15% or as otherwise provided for by Legislation.
- The successful Tenderer shall be required to produce a VAT invoice that shall only be prepared once measurements and valuations for work done in Terms of Contract Offer have been agreed with the Employers agent and a Certificate of Payment issued.
- Payment of VAT to non-VAT vendors shall be processed from the month in which the Tenderer's liability with the South African Revenue Services is effective.

F.2.11 Alterations to document

A Tender Offer shall not be considered if alterations have been made to the Forms of Tender data or Contract data (unless such alterations have been duly authenticated by the Tenderer) or if any particulars required therein have not been completed in all respects.

F.2.12 Alternative Tender Offers

No alternative Offers will be considered.

F.2.13 Submitting a Tender Offer

F.2.13.3 Tender Offers shall be submitted as an original only.

Under no circumstances whatsoever may the Tender forms be retyped or redrafted.

Photocopies of the original Tender documentation may be used, but an original signature must appear on such photocopies.

F.2.13.5 The Employer's address for delivery of Tender Offers and identification details to be shown on such Tender Offer package are:

Location of Tender box: Limpopo Department of Agriculture and Rural Development
Physical address: 69 Biccard Street Ground Floor
Polokwane, 0700

**IDENTIFICATION DETAILS: TENDER FOR TERM CONTRACT FOR A 3-YEAR
FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND
MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES,
AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A
PERIOD OF THREE (3) YEARS**

Tender No: **ACDP 23/14**
Closing Date: **29 January 2024 at 11:00**

F.2.15 Closing Time

The closing time for submission of Tender Offers is: **11h00 on 29 January 2024** as stated in the Tender Notice and Invitation to Tender.

Telephonic, telegraphic, telex, facsimile, electronic or e-mailed Tenders will not be accepted.

F.2.16 Tender Offer validity

The Tender Offer validity period is **120 days** from the closing time for submission of Tenders.

F.2.18 Provide other material

The Tenderer shall, when requested by the Employer to do so, submit the names of all management and supervisory staff that will be employed to supervise the labour-intensive portion of the works together with satisfactory evidence that such staff members satisfy the eligibility requirements

F.2.19 Access

Access shall be provided for inspections and testing by personnel acting on behalf of the Employer.

F.2.20 SCOPE OF WORK

A brief detail of the works for which this specification is applicable is for the mechanical and electrical construction, installation and maintenance on: Packhouse Facilities, Pump Houses, Irrigation systems, Departmental Facility offices and buildings, Animal housing structures, Abattoirs, and other infrastructure developments which require mechanical and electrical support. The scope of work will be according to the quantity and type of service required by the Department, which could include the following:

- Motors and Pumps;
- Electrical cables;
- Environmental control equipment (Air conditioning systems, Animal housing heating and cooling systems);
- Pipelines Valves and accessories;
- Food/Produce handling plant and equipment;
- Cold rooms and equipment;
- Renewable Energy plant (Biogas, Solar, Gas, biofuels, Wind, Hydro developments);
- Backup power provision equipment and controls;
- Electrical wiring refurbishment;
- Power source establishment and provision, e.g. Eskom transformer/powerline/meter;
- Small general Building and Civil works required to complete Mechanical and electrical works.
- Other related works; to have agricultural or departmental infrastructure developments serve their intended purpose.

F2.21 DEPARTMENTAL PROCESS TO REQUEST FOR QUOTATIONS FROM THE SERVICE PROVIDERS ON THE ROTATING ELECTRONIC DATABASE

The LDARD reserves the right to use any part of the contract in any combination depending on the requirements for the development of a specific project. However, it is envisaged that the development of a typical project would proceed in the following steps.

- LDARD provides terms of reference to the next Contractor on the Rotating Electronic Database in line for a project for the Mechanical and Electrical project.
- The Contractor provides a quotation based on the Term Contract BOQ tendered rates and price adjustment clauses.
- LDARD evaluates the quotation for completeness and alignment with tendered rates.
- LDARD provides the contractor with an order to execute the implementation of the project.
- Construction, Commissioning, handover and retention.

The Service Providers will be requested to quote for the construction, commissioning or evaluation or the repair and maintenance of a specific project. The identified Service Provider (the next one on the Rotating Electronic Database in line for a project) will receive an Invitation letter to do a costing. The identified Service Provider will receive an approved document containing the following but not limited to:

- Invitation and letter to do a costing
- Specifications
- Bill of quantities
- Drawings

NB. Compulsory site briefings may be applicable.

The Department will engage in the following process to source the services from Service Providers that has been registered on the Database:

- Receive a request for a project or service from a Program or Project Manager.
- Compiling a Request (Specifications & BOQ) for the project.
- Review of the Request by a Technical Specifications Committee (District Office).
- Recommendation for approval of Request by relevant Director.
- Request to SCM to allocate service provider/Contractor on the term contract by Rotating Electronic Database.
- Request a costing from the allocated Contractor on the Rotating Electronic Database that is in line for a project. The Contractor quotation will be based on the Term Contract BOQ tendered rates and price adjustment clauses.
- Conduct a Financial Evaluation of the costing and administrative requirements checks.
- Enter into an agreement (SLA) for the specific project. The Standard Contract Form (SBD 7.1) covers all the 3 variables (scope of the works, the price and timeframe for the completion of the works). The balance of the contractual requirements is covered by the Term Contract.
- Recommendation for the issuing of an order.
- Request an order from SCM by the Project/Program Manager.
- Give instruction to the Service Provider to commence with the works.
- Update the Rotating Electronic Database as prescribed in SANS 10845. Non-responsive and non-performing service providers will stay at the bottom of the database.

F2.22 STANDARD FOR FRAMEWORK AGREEMENTS

The procurement for infrastructure is guided by the "Framework for Infrastructure Delivery and Procurement Management" as published by National Treasury (First edition – October 2015 and Supplemented – May 2019) under SCM Instructions 4 of 2015/16 and 3 of 2019/20.

Framework Agreements must comply with the following:

(Item 14.3, Page 42 of above document)

- The term of a Framework Agreement shall not exceed three (03) years in the case of all organs of state.
- Framework agreements that are entered into shall not commit an organ of state to any quantum of work beyond the first order or bind the employer to make use of such agreement to meet its needs. The employer may approach the market for goods or services, or a combination thereof, whenever it considers that better value in terms of time, cost and the quality which may be obtained.
- Orders shall cover only goods or services, or any combination thereof, falling within the scope of work associated with the agreement which may not be amended for the duration of the contract.
- Orders may not be issued after the expiry of the term of the framework agreement.
- Orders may be completed even if the completion is after the expiry of the term contract.

F2.23 COSTING METHODS

This will be done as follows:

- The procurement, delivery, installation, and commissioning of Term contract listed materials/equipment.
 - This will be based on a tendered rates and price adjustment clauses.
- Procurement and installation of special materials / equipment not included in tendered rates.
 - This will be done on actual cost plus a tendered mark up. (The Service provider should provide 3 quotations from reputable suppliers for approval). See below.
- Disbursements and ad-hoc time
 - Disbursement costs are to be built into the various cost items and will not be independently billed.

- The quantities in the Bill of Quantities (BOQ) in this Bid document is only indicative to enable the Department to compare tendered prices. The actual quantities will be determined during the investigation and design stages for each project.
- The Department reserves the right to negotiate and use rates which are market related.

F2.24 ROTATING ELECTRONIC DATABASE

A Rotating Electronic Database will be developed and the Companies on it may get an opportunity to quote for work. The work and the opportunity to quote cannot be guaranteed as requests will depend on the number and type of works required by the different Departmental programs.

F2.25 PROCUREMENT OF MATERIALS / EQUIPMENT OUTSIDE THE CONTRACT BOQ

The mark-up tendered for the procurement must cover all costs related to the purchase of materials / equipment and delivery to site, including handling, storage and security on site, profit, return of faulty items and any other associated costs not covered elsewhere in the bill. The installation thereof is covered elsewhere.

When submitting a price estimate for the project, the Service Provider shall supply a bill of quantities based on current cost of materials and equipment and the tendered rates. The cost of materials and equipment shall be based on three written quotations from reputable local suppliers that are acceptable and verifiable by LDARD, indicating nett prices, which shall be attached to the price estimate. LDARD reserves the right to request competitive material / equipment quotations.

F2.26 PRICING AND ADJUDICATION

The quantities in the bill of quantities are based on a number of different hypothetical relevant projects, to enable financial adjudication.

F2.27 CONTRACT PRICE ADJUSTMENT PROVISION

The tendered rates will be adjusted annually as follows:

- All rates which are based on current market prices with a tendered mark-up will remain unchanged for the duration of the contract.
- All other rates will be adjusted annually as follows:
 - The rates will be adjusted annually by a calculated factor, every 12 calendar months, the first adjustment being 12 months from the end of the month in which the tender was awarded.

Contract price adjustment schedule (General Conditions of Contract for Construction Works, Second Edition, 2010)

$$(1 - x) \left[\frac{aLt}{Lo} + \frac{bPt}{Po} + \frac{cMt}{Mo} + \frac{dFt}{Fo} - 1 \right]$$

"L" is the "Labour Index" and shall be the Consumer Price Index for the urban area nearest to the Site, as stated in the Contract Data, and as published in the Statistical News Release, P0141, Additional Tables, Table 11 "– Consumer price indices for Limpopo" of Statistics South Africa.

"P" is the "Plant Index" and shall be the Producer Price Index for Civil Engineering Plant as published in the Statistical News Release P0151,1, Table 4 of Statistics South Africa.

"M" is the "Materials Index" and shall be the Producer Price Index applicable to the industry as stated in the Contract Data and as published in the Statistical News Release P0151,1, Table 3 of Statistics South Africa.

"F" is the "Fuel Index" and shall be the Producer Price Index for Diesel at wholesale level for the area as stated in the Contract Data and as published in the Statistical News Release P0142:1, Table 1 of Statistics South Africa.

"x" is the proportion of "Ac" which is not subject to adjustment. Unless otherwise stated in the Contract Data, this proportion shall be 0, 10.

"a", "b", "c" and "d" are the coefficients contained in the Contract Data, which are deemed, irrespective of the actual constituents of the work, to represent the proportionate value of labour, contractors' equipment, material (other than "special

materials" specified in the Contract Data) and fuel respectively. The arithmetical sum of "a", "b, c" and d shall be unity.

The suffix "o" denotes the base indices applicable to the base month as stated in the Contract Data.

The suffix "t" denotes the current indices applicable to the month in which the last day of the period falls to which the relevant monthly statement relates.

The Accounting officer shall be at liberty to make such adjustments to individual rates at prescribed intervals.

F2.28 RESOURCES (EQUIPMENT AND HUMAN)

The works under this contract requires the following equipment:

Plant & Equipment	Comments
Support vehicles, Construction equipment and Plant for the construction of the works	Truck, Crane Truck, trailer, LDVs, concrete mixer, earth auger, jack hammers/breakers, TLB, dewatering pumps, and scaffolding (owned or leased by supplier)

All technical works must be done by professionals and labourers as required for works.

Category	Experience	Number of Years
Project Manager:	Experience in Mechanical and electrical works	At least 4 years applicable experience
Electrician Technician	Qualified and active ECSA registration	At least 4 years applicable experience
Electrical	Artisan, Trade Test qualification	At least 4 years applicable experience
Mechanical Technician	Qualified and active ECSA registration	At least 4 years applicable experience
Boiler makers or welders	Trade Test qualification	At least 4 years applicable experience
Plumber:	Qualified and/or Experienced plumbing artisans	At least 4 years applicable experience
Quality Control & Health and Safety:	Qualified and active registered	At least 4 years applicable experience
Driver:	Experienced vehicles driver	At least 4 years applicable experience
Operator:	Certified operator	At least 4 years applicable experience
Building Artisan	Building artisan	At least 4 years applicable experience

F2.29 BID EVALUATION CRITERIA

2.29.1 PRE-COMPLIANCE EVALUATION

Criteria	Requirements
Pre-compliance criteria	The Service Provider must submit all documents as outlined below.
Preferential points for specific goals	Bidders will be allocated preferential points for specific goals as per table 12.2.2 c

2.29.2 REQUIRED DOCUMENTS:

Misrepresentation of facts will render your bid non-responsive.

Documents that must be submitted	Non-submission will result in disqualification	Requirements
Attendance Register for the Compulsory site briefing	YES	Must attend the compulsory site briefing as per scheduled date and time and ensure to sign the attendance register.
Invitation to Bid – SBD 1	YES	Fully complete and sign the supplied pro forma document.

Compulsory Enterprise Questionnaire	YES	Must be fully completed, signed by the authorized person/s and submitted with the bid by the closing date and time. In case of J/V's bidders should complete separate forms or be represented.
Pricing Schedule – SBD 3.2	YES	Fully complete and sign the supplied pro forma document.
Bill of Quantities	YES	All items of the BOQs must be fully completed (rates, amounts and sums), responsive and submitted with the bid by the closing date and time. No overwriting of figures.
CIDB grading certificate	YES	Bidder must submit CIDB grading certificate of 4 ME / 4EB and higher. In case of JV, Calculated CIDB grading must be submitted.
Bidders Disclosure – SBD 4	YES	Fully completed and sign the supplied pro forma document. (Must declare if they have interests in other Companies. Refer to Paragraph 2.3). In case of J/V's bidders should complete separate SBD 4's. In case of JV, both partners must submit/ be represented on the submission.
Preference Point Claim Form – SBD 6.1	YES	Fully completed and sign the supplied pro forma document. Non-Returnable of the supplied pro forma document will lead to Disqualification. Non-claiming of points on this form will lead to zero (0) even if supporting documentation is attached. In case of JV, both partners must submit/ be represented on the submission.
Form of intent by a bank or insurance company to provide 10% performance guarantee and insurance of the works	YES	Must be submitted with the tender by the closing date and time of the bid. In case of JV, both partners must submit/ be represented on the submission.
Joint Ventures (J/V)	YES	Attach a valid JV agreement. Non-submission will lead to disqualification. In the case of an award, the company need to register on CSD as a JV. The process is that the service providers must register the JV at SARS and then open a JV bank account. With those documents they can then register the JV on the CSD. The department will only make payment to a JV account.
Workmen's Compensation Registration Certificate	NO	Must submit valid copy of COIDA certificate or proof of payment thereof. In case of JV, both partners must submit.
Completeness of the tender document.	YES	Bidders are required to complete the entire bid document without omission of pages and in the provided sequence. Supporting documents must be attached with list of indexes/ Annexures and in order of the indicated index sequence. The tender document to be fully completed in Black ink (not typed).
Specification	YES	Must comply with the specification
Current works load declaration.	YES	Wrong declaration on current works and/ or if the bidder is in default, will lead to disqualification.
Bank Rating	YES	Bank rating letter from a financial institution with track record of at least 6 months. Bidders must have a minimum rating of C. In case of JV, both partners must submit.

2.29.3 The Service Provider must ensure that they meet the following requirements before the bid can be awarded:

Criteria	Requirement
Tax compliance status	"Bidder must be tax compliant before the bid is awarded, i.e. <i>Where the recommended bidder is not tax compliant, the bidder will be notified of their non-compliant status and the bidder must be requested to submit written proof from SARS of their tax compliance status or proof that they have made an arrangement to meet their outstanding tax obligations within 7 working days. The bidder should thereafter provide the accounting officer or accounting</i>

Criteria	Requirement
	<i>authority with proof of their tax compliance status which should be verified via the Central Supplier Database or eFiling”</i>
Business registration	The bidder must be registered on CSD and CSD must indicate that the bidder is active
Company registration with central supplier database (CSD)	Must be registered as a service provider on the Central Supplier Database (CSD). If not registered must proceed to complete the registration prior to submitting your proposal. Visit https://secure.csd.gov.za/ to obtain your vendor number.
In the service of the state status	The bid will not be considered if Shareholders or directors are employed by state/ government departments, municipalities, municipal entities, or public entities unless the approval from executive authority to do business with the state is submitted with the proposal
Tender defaulting and restriction status	Entity and directors must not be restricted

1.1.1. Functionality Evaluation Criteria = 100 points

The minimum score required for functionality is **70 points** in order to qualify for further evaluation. A bidder who scores less than 70 points on functionality will be disqualified.

Misrepresentation of facts will render your bid non-responsive.

CRITERIA	EVIDENCE	VALUE	WEIGHTING
1. Proof of physical address Evidence Bidders must submit proof of residence from Local Municipality (Utility bill) or Confirmation of pre-paid utility from ESKOM (not older than 3 months) and Title Deed or Lease agreement or PTO and any other proof of address.	Office of bidder outside the borders of Limpopo Province	0	10
	Office of bidder within borders of Limpopo Province	5	
2.Plant and Equipment available owned or leased by the Bidder (provide proof of registration or letter of intent to hire from your supplier)	No information	0	20
	Hire or Own less than 5 of the following: Truck, Crane Truck, Trailer, LDVs, tipper truck, concrete mixer, concrete vibrator, compactor, roller compactor, grader, water tanker, plate compactor, TLB, Forklift, Excavator, building hand tools, scaffolding, hand power tools and power generator.	1	
	Own or Hire 6 to 13 of the following: Truck, Crane Truck, Trailer, LDVs, tipper truck, concrete mixer, concrete vibrator, compactor, roller compactor, grader, water tanker, plate compactor, TLB, Forklift, Excavator, building hand tools, scaffolding, hand power tools and power generator.	3	
	Own 14 or more: Truck, Crane Truck, Trailer, LDVs, tipper truck, concrete mixer, concrete vibrator, compactor, roller compactor, grader, water tanker, plate compactor, TLB, Forklift, Excavator, building hand tools, scaffolding, hand power tools and power generator.	5	
3. Current Obligation Works. NB!! Completion of this provided Table is mandatory for points to be allocated. Do not refer to any attachment. If no projects at the moment, the tenderer must indicate on the table (Not applicable will be deemed as non-responsive).	Current obligation value is equal or greater than twice the maximum value of the required CIDB grade	0	15
	Current obligation value is greater than the maximum value of the required CIDB grade but less than twice the maximum value of the required CIDB grade	1	
	Current obligation value is within the required CIDB threshold	3	
	Current obligation value is less than the minimum value of the required CIDB grade	5	
4. Staffing profile: Details of relevant staff experience available for this Contract	No information / CVs not attached/ minimum requirement not met	0	20

(attach organization structure, with CVs and certified qualifications with Identity documents)	Has at least 4 of the following personnel: Project Manager, Electrician Technician, Electrical Artisan, Mechanical Technician, Boiler makers or welders, Plumber, Quality Control & Health and Safety, Driver, Operator and Building Artisan.	1	
	Has at least 7- of the following personnel: Site Project Manager, Electrician Technician, Electrical Artisan, Mechanical Technician, Boiler makers or welders, Plumber, Quality Control & Health and Safety, Driver, Operator and Building Artisan.	3	
	Has All of the following personnel: Site Project Manager, Electrician Technician, Electrical Artisan, Mechanical Technician, Boiler makers or welders, Plumber, Quality Control & Health and Safety, Driver, Operator and Building Artisan.	5	
6. Experience in similar works relevant to this technical field completed since year 2014 (Mechanical and electrical works relevant to listed scope of Terms of reference) Bidders must attach a table indicating the projects successfully completed. The table must state: 1. Client with contact information, 2. Project name, 3. Date of site handover, 4. Date of completion. Also attached copies of appointment letters and or documents that state the contract period, site handover certificates / letters, completion certificates / letters and contact information of the clients for verification.	No information / No proof attached	0	35
	1 to 2 completed works relevant to scope works required in this term contract (a variety of works orders must be completed)	1	
	3 to 4 completed works relevant to scope works required in this term contract (a variety of works orders must be completed)	3	
	5 or more completed works relevant to scope works required in this term contract (a variety of works orders must be completed)	5	
Total			100

12.2.2 90/10 PREFERENCE POINT SYSTEM FOR GOODS AND SERVICES

- a. The preferential points will be allocated for specific goals as prescribed in Section 2 of the Preferential Procurement Policy Framework Act (5 of 2000), Paragraph 3.2.1 and 7.7 of the Reconstruction and Development Programme White Paper of 1994 and the Broad-Based Economic Empowerment Act, 2003.
- b. The following formula must be used to calculate the points for price of tenders/procurement (quotations) including “tenders for income generating contracts” with Rand Value above R50 Million to be calculated as per the below table inclusive of all applicable taxes:

c.

$$P_s = 90 \left(1 - \frac{P_t - P_{min}}{P_t - P_{min}} \right)$$

Pmin

Where:

Ps = Points scored for price of bid under consideration

Pt = Rand value of tender consideration

Pmin = Rand value of lowest acceptable tender

d. A maximum of 10 points will be awarded in accordance with the table below:

NO	PREFERANTIAL GOALS	10 POINTS	MEANS OF VERIFICATION
1	Black People ownership > 51%	7	CSD and/ or copy of company registration report
2	Women Ownership > 51%	1	CSD Report
3	Persons with Disability Ownership >51%	1	CSD and Medical Certificate from recognized Medical Practitioner
4	Youth Ownership >51%	1	CSD Report
TOTAL POINTS		10	

e. The points scored by a tenderer in respect of the specific goals above must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

f. Only the tender with the highest number of points scored may be selected for an award.

2. SPECIAL CONDITIONS

- All costs incurred in the preparation and presentation of the proposal shall be wholly absorbed by the bidder. Supporting documentation submitted with the proposal will become the property of the Limpopo Provincial Government unless otherwise requested by the bidder at the time of submission.
- General Conditions of Contract 2010 2nd edition (GCC2010) shall be used to manage the contract. Service provider must acquire their own copy.
- All works under this contract are re-measurable.
- The documentation required before commencement with Works execution are:
 - Health and Safety Plan (Refer to GCC Clause 4.3)
 - Initial programme (Refer to GCC Clause 5.6)
 - Security (Refer to GCC Clause 6.2 – Performance Guarantee)
 - Insurance (Refer to GCC Clause 8.6)
- The penalty for failing to complete the works is 0.05% of the Total Tender Sum per Calendar Day.
- The limit of retention money is 10% of the Tender offer, excluding VAT and limited to 5% of the Contract amount, excluding Contract Price Adjustment, Contingencies and VAT. A Retention Money Guarantee will not be permitted.
- The defects liability period is 12 months.
- The latent defect period is 5 years
- Bidders who intend to cede their rights to payment to an institution as prescribed in 9.1 should attach cession agreement with their bid proposal
- Payment will only be made in accordance with the delivery of service that will be agreed upon by both parties and upon receipt of an original invoice.
- It is compulsory for a person to register for VAT if the value of taxable supplies made or to be made, is in excess of R1 million
- The service provider is required to provide a quote for all items, failure to quote according to the specification will invalidate your bid.
- The Department will not make any upfront payment to a successful service provider
- The department reserves the right to conduct a risk assessment for the recommended service provider to verify the provided information and authenticate the supporting documentation and may disqualify the service provider if the risk analysis feedback is negative.

Inspection of bidders

The premises of the highest scoring points Tenders will be inspected. The inspection will be done on the following:

- a) Physical structure or business where business activities takes place
- b) Main business activities
- c) Track record will be verified
- d) Relatedness of the main business activities to the tender under review
- e) Office furniture and space
- f) Office Equipment, IT facilities and computer software used to produce the required service
- g) Registration documents and accredited certificates
- h) Audited Financial annual statements to verify financial position
- i) Verification of Equipment, including 3rd party premises if required.

Acceptance of Submissions

Submission will only be accepted on condition that:

- a) the Submission is signed by a person authorised to sign on behalf of the Tenderer;
- b) a Tenderer who submitted as a Joint Venture has included an acceptable Joint Venture Agreement with his Submission.
- c) the Tenderer or a competent authorised representative of the Company who submitted the Submission has attended the compulsory clarification meeting;
- d) the Tenderer or any of its principals is not listed on the register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the Public Sector;
- e) the Tenderer has not abused the Employer's Supply Chain Management System or has failed to perform on any previous Contract and has been given a written notice to this effect;
- f) the Tenderer or any of its Principals, Directors or Managers is not employed in the service of the State or any Municipality. In the event that such Principals are involved, official approval from the Executing Authority regarding carrying out remunerative work outside of the Public Service must be included in the Submission.
- g) the Employer is satisfied that the Tenderer or any of his Principals have not influenced the Call for Expression of Interest Submission and acceptance by the following criteria:
 - a. having Offered, promised or given a bribe or other gift or remuneration to any person in connection with the obtaining or execution of this Contract;
 - b. having acted in a fraudulent or corrupt manner in obtaining or executing this Contract;
 - c. having approached an Officer or employee of the Employer or the Employer's Agent with the objective of influencing the award of a Contract in the Tenderer's favour;
 - d. having entered into any agreement or arrangement, whether legally binding or not, with any other Person, Firm or Company to refrain from Tendering for this Contract or as to the amount of the Tender to be submitted by either party;
 - e. having disclosed to any other Person, Firm or Company other than the Employer, the exact or approximate amount of his proposed Tender;
 - f. the Employer may, in addition to using any other legal remedies, repudiate the Tender Offer and acceptance and declare the Contract invalid should it have been concluded already.

Copies of Contract

The number of paper copies of the signed Contract to be provided by the Employer is ONE.

14 JOINT VENTURES

14.1 In terms of the Preferential Procurement Regulations, 2017 pertaining to the Preferential Procurement Policy Framework Act 5 of 2000, a trust, consortium or joint venture must submit a consolidated B-BBEE Status Level Verification Certificate for every separate bid.

14.2 Should this bid be submitted by a joint venture, the joint venture agreement must accompany the bid document before the closing date and time of bid. The joint venture agreement must clearly specify the percentage of the contract to be undertaken by each company participating therein.

14.3 The non-submission of a B-BBEE Certificate by a trust, consortium or joint venture will result in zero (0) preference points being allocated for evaluation purposes.

14.4 Each party to a Joint Venture/ Consortium must submit an original valid Tax Clearance Certificate together with the bid before the closing date and time of bid.

14.5 The joint venture or consortium must submit a formal agreement that outlines the roles and responsibilities of each member of the joint venture or consortium, nomination of an authorised person to represent the joint venture or consortium in all matters relating to this bid and the details of the bank account for payments to be effected.

14.6 The joint venture or consortium must comply with Central Suppliers Database (CSD) registration requirements as per National Treasury directive.

15 CESSION

15.1 Cession of payments will only be permissible to a registered financial institution in terms of the Financial Advisory and Intermediary Services Act 37 of 2002 or an approved credit provider in terms of the National Credit Act of 2005

15.2 Bidders who intend to cede their rights to payment to an institution as prescribed in 8.1 attach cession agreement with their bid proposal.

16 UNSATISFACTORY PERFORMANCE

Unsatisfactory performance occurs when performance is not in accordance with the contract conditions.

(i) The departmental official shall warn the contractor in writing that action will be taken in accordance with the contract conditions unless the contractor complies with the contract conditions and delivers satisfactory supplies or services within a specified reasonable time (7 days minimum). If the contractor does not perform satisfactorily despite the warning, the official will:

(a) Take action in terms of its delegated powers; and

(b) Make a recommendation to the Accounting Officer for cancellation of the contract concerned.

(ii) When correspondence is addressed to the contractor, reference will be made to the contract number/item number/s and an explanation of the complaint.

17 VALIDITY PERIOD OF BID AND EXTENSION THEREOF

17.1 The validity (binding) period for the bid will be 120 days from close of bid. However, circumstances may arise whereby the department may request bidders to extend the validity (binding) period. Should this occur, the department will request bidders to extend the validity (binding) period under the same terms and conditions as originally offered for by bidders. This request will be done before the expiry of the original validity (binding) period.

17.2 VAT vendors must calculate VAT at 15% VAT.

18 NEGOTIATIONS

Bidders should note that the department might subject the successful bidder to negotiations for fair market related prices.

19 SITE INSPECTION

19.1 As part of the evaluation process of this bid, the Department will conduct site inspections of premises of all high scoring bidders who have submitted bids, and

19.2 The purpose of the site inspections is to confirm validity and accuracy of the information submitted in the bidder's bid document. Where the validity and accuracy of the information submitted in the bidder's bid document cannot be confirmed during the site visit, the bidder will be disqualified. (See Inspection of bidders)

20 COMPLETION OF BID DOCUMENT

The following are minimum requirements for completion of the bid document: -

20.1 Bidders are required to complete the entire bid document in terms of the requirements contained herein.

20.2 Where the space provided in the bid document is insufficient, separate schedules may be drawn up in accordance with the given formats. These schedules shall then be bound together with suitable contents page and submitted with the bid documents.

20.3 All bid documents, certificates, schedules (including additional schedules as mentioned above) and all forms required by this bid must be completed in black ink and signed by the authorized signatory.

20.4 Bid document should be returned in the provided sequence. Attachments must be inline with the index sequence of the bidder.

20.5 Bidders must ensure that there are no missing or duplicated pages. LDARD shall not accept liability regarding claims by bidders that pages are missing or duplicated.

20.6 Correction fluid is not allowed and any cancellation, alteration or amendment on the bid document must be signed for by the authorized signatory.

Completed bid document with supporting documents shall be packaged, bound, sealed, marked, and submitted strictly as stipulated in this bid document.

21 LANGUAGE GOVERNANCE

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

T1.3: Annex F: Standard Conditions of Tender

(As contained in Annexure F of South African National Standard: Construction procurement processes, Methods and procedures: SANS 294: 2004 Edition)

F.1 General

F.1.1 Actions

The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly and transparently.

F.1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

F.1.3 Interpretation

F.1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

F.1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

F.1.3.3 For the purposes of these conditions for the calling for expressions of interest, the following definitions apply:

- a) **comparative offer** means the tenderer's financial offer after the factors of non-firm prices, all unconditional discounts and any other tendered parameters that will affect the value of the financial offer have been taken into consideration
- b) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process; and
- c) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels
- d) **quality (functionality)** means the totality of features and characteristics of a product or service that bear on its ability to satisfy stated or implied needs

F.1.4 Communication and employer's agent

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be read, copied and recorded. Writing shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

F.1.5 The employer's right to accept or reject any tender offer

F.1.5.1 The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such cancellation and rejection, but will give written reasons for such action.

F.1.5.2 After the cancellation of a tender process or the rejection of all tender offers the employer may abandon the proposed procurement and re-issue a similar tender notice and invitation to tender not less than three months after the closing dated for tender offers or have it performed in another manner at any time.

F.2 Tenderer's obligations

The tenderer shall comply with the following obligations:

F.2.1 Eligibility

Submit a tender offer only if the tenderer complies with the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.

F.2.2 Cost of tendering

Accept that the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer satisfy requirements.

F.2.3 Check documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

F.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

F.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

F.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

F.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) may not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

F.2.10 Pricing the tender offer

F.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT)), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

F.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

F.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

F.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

F.2.11 Alterations to documents

Not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations. Erasures and the use of masking fluid are prohibited.

F.2.12 Alternative tender offers

F.2.12.1 Submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted. The alternative tender offer is to be submitted with the main tender offer together with a schedule that compares the requirements of the tender documents with the alternative requirements the tenderer proposes.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

F.2.13 Submitting a tender offer

F.2.13.1 Submit a tender offer to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing in black ink.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

F.2.13.4 Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

F.2.13.8 Accept that the employer shall not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

F.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

F.2.15 Closing time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Proof of posting shall not be accepted as proof of delivery. The employer shall not accept tender offers submitted by telegraph, telex, facsimile or e-mail, unless stated otherwise in the tender data.

F.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender offer validity

F.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.

F.2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period.

F.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the total of the prices or substance of the tender offer is sought, offered, or permitted. The total of the prices stated by the tenderer shall be binding upon the tenderer.

Note: Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.

F.2.18 Provide other material

F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial

position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

F.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

F.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

F.2.20 Submit securities, bonds, policies, etc.

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

F.2.21 Check final draft

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

F.2.22 Return of other tender documents

If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

F.3 The employer's undertakings

The employer undertakes to:

F.3.1 Respond to clarification

Respond to a request for clarification received up to five working days prior to the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date of the Tender Notice until seven days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, will then notify it to all tenderers who drew documents.

F.3.3 Return late tender offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

F.3.4 Opening of tender submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the opening held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened, the total of his prices, preferences claimed and time for completion, if any, for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

F.3.5 Two-envelope system

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce

the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the quality evaluation above the minimum number of points for quality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for quality.

F.3.6 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for responsiveness

Determine, on opening and before detailed evaluation, whether each tender offer properly received:

- a) meets the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- change the Employer's or the tenderer's risks and responsibilities under the contract, or
- affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

F.3.9 Arithmetical errors

Check responsive tender offers for arithmetical errors, correcting them in the following manner:

- Where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern.
- If a bill of quantities (or schedule of rates) apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate will be corrected.
- Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if a bills of quantities applies) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of his arithmetical errors in the manner described above.

F.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

F.3.11 Evaluation of tender offers

F.3.11.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and

evaluate it using the tender evaluation method that is indicated in the Tender Data and described below:

Method 1: Financial offer	1) Rank tender offers from the most favorable to the least favorable comparative offer. 2) Recommend highest ranked tenderer for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 2: Financial offer and preferences	1) Score tender evaluation points for financial offer. 2) Confirm that tenderers are eligible for the preferences claimed and if so, score tender evaluation points for preferencing. 3) Calculate total tender evaluation points. 4) Rank tender offers from the highest number of tender evaluation points to the lowest. 5) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 3: Financial offer and quality	1) Score quality, rejecting all tender offers that fail to score the minimum number of points for quality stated in the Tender data. 2) Score tender evaluation points for financial offer. 3) Calculate total tender evaluation points. 4) Rank tender offers from the highest number of tender evaluation points to the lowest. 5) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.
Method 4: Financial offer, quality and preferences	1) Score quality, rejecting all tender offers that fail to score the minimum number of points for quality stated in the Tender data. 2) Score tender evaluation points for financial offer. 3) Confirm that tenderers are eligible for the preferences claimed, and if so, score tender evaluation points for preferencing. 4) Calculate total tender evaluation points. 5) Rank tender offers from the highest number of tender evaluation points to the lowest. 6) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.

Score financial offers, preferences and quality, as relevant, to two decimal places.

F.3.11.2 Scoring Financial Offers

Score the financial offers of remaining responsive tender offers using the following formula:

- $N_{FO} = W_1 \times A$ where:
- N_{FO} = the number of tender evaluation points awarded for the financial offer.
- W_1 = the maximum possible number of tender evaluation points awarded for the financial offer as stated in the Tender Data.
- A = a number calculated using either formulas 1 or 2 below as stated in the Tender Data.

Formula	Comparison aimed at achieving	Option 1	Option 2
1	Highest price or discount	$A = (1 + \frac{P - P_m}{P_m})$	$A = P / P_m$
2	Lowest price or percentage commission / fee	$A = (1 - \frac{P - P_m}{P_m})$	$A = P_m / P$

- where:
- P_m = the comparative offer of the most favorable tender offer.
- P = the comparative offer of tender offer under consideration.

F.3.11.3 Scoring quality (functionality)

Score quality in each of the categories stated in the Tender Data and calculate total score for quality.

F.3.12 Insurance provided by the employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

F.3.13 Acceptance of tender offer

F.3.13.1 Accept tender offer only if the tenderer satisfies the legal requirements stated in Clause F.2.1 of the Tender Data.

F.3.13.2 Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period. Providing the form of offer and acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the employer and the successful tenderer as described in the form of offer and acceptance.

F.3.14 Notice to unsuccessful tenderers

After the successful tenderer has acknowledged the employer's notice of acceptance, notify other tenderers that their tender offers have not been accepted.

F.3.15. Prepare contract documents

If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents,
- c) other revisions agreed between the employer and the successful tenderer, and
- d) the schedule of deviations attached to the form of offer and acceptance, if any.

F.3.16 Issue final contract

Prepare and issue the final draft of contract documents to the successful tenderer for acceptance as soon as possible after the date of the employer's signing of the form of offer and acceptance (including the schedule of deviations, if any). Only those documents that the conditions of tender require the tenderer to submit, after acceptance by the employer, shall be included.

F.3.17 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

F.3.18 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

PART T2: RETURNABLE SCHEDULES

I. AMENDMENTS, QUALIFICATIONS AND ALTERNATIVES

(This is not an invitation for amendments, deviations or alternatives, but should the Tenderer desire to make any departures from the Provisions of this Contract he shall set out his proposals clearly hereunder. The Employer will not consider any amendment, unless form (a), has been completed to the satisfaction of the Employer). The Tenderer is referred to Tender Data paragraph F.2.12, where it is clearly stated that no Alternative Offers will be accepted.

I / We herewith propose the amendments, as set out in the table below:

(a) AMENDMENTS

PAGE, CLAUSE OR ITEM NO	PROPOSED AMENDMENT

- Notes:**
- (1) Amendments to the General and Special Conditions of Contract are not acceptable;
 - (2) The Tenderer must give full details of all the financial implications of the amendments and qualifications in a covering letter attached to his Tender.

J. SCHEDULE OF PROPOSED SUB-CONTRACTORS

We notify you that it is our intention to employ the following Subcontractors for Work in this Contract.

If we are awarded a Contract we agree that this notification does not change the requirement for us to submit the names of proposed Subcontractors in accordance with requirements in the Contract for such appointments. If there are no such requirements in the Contract, then your written acceptance of this list shall be binding between us.

We confirm that all Subcontractors who are Contracted to construct a house are registered as Home Builders with the National Home Builders Registration Council.

TAX CLEARANCE CERTIFICATE

[Valid Original Tax Clearance Certificate obtained from SARS to be inserted here after OR CSD SUMMARY]

P. TENDERER'S FINANCIAL STANDING

In terms of Clause F.2.18.1 of the Contract-specific Tender Data the Tenderer shall provide information about his commercial position, which includes information necessary for the Employer to evaluate the Tenderer's financial standing.

To that end the Tenderer must provide with his tender a bank rating, certified by his banker, to the effect that he will be able to successfully complete the contract at the tendered amount within the specified time for completion.

However, should the Tenderer be unable to provide a bank rating with his tender, he shall state the reasons as to why he is unable to do so, and in addition provide the following details of his banker and bank account that he intends to use for project:

Name of account holder:.....

Name of Bank:

Branch:

Account number:

Type of account:

Telephone number:

Facsimile number:

Name of contact person (at bank):.....

Failure to provide either the required bank details or a certified bank rating with his tender, will lead to the conclusion that the Tenderer does not have the necessary financial resources at his disposal to complete the contract successfully within the specified time for completion.

The Employer undertakes to treat the information thus obtained as confidential, strictly for the use of evaluation of the tender submitted by the Tenderer.

SIGNATURE: DATE:
(of person authorised to sign on behalf of the Tenderer)

P1 FINANCIAL INFORMATION OF TENDERER

This information sheet has to be filled in by the financier of the Tenderer, duly signed and stamped on behalf of the financial institution he represents.

** "all applicable taxes" includes value- added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies.

*Delete if not applicable

PRICE ADJUSTMENTS

A NON-FIRM PRICES SUBJECT TO ESCALATION

1. IN CASES OF PERIOD CONTRACTS, NON FIRM PRICES WILL BE ADJUSTED (LOADED) WITH THE ASSESSED CONTRACT PRICE ADJUSTMENTS IMPLICIT IN NON FIRM PRICES WHEN CALCULATING THE COMPARATIVE PRICES
2. IN THIS CATEGORY PRICE ESCALATIONS WILL ONLY BE CONSIDERED IN TERMS OF THE FOLLOWING FORMULA:

$$Pa = (1 - V)Pt \left(D1 \frac{R1t}{R1o} + D2 \frac{R2t}{R2o} + D3 \frac{R3t}{R3o} + D4 \frac{R4t}{R4o} \right) + VPt$$

Where:

- Pa = The new escalated price to be calculated.
- (1-V)Pt = 85% of the original bid price. **Note that Pt must always be the original bid price and not an escalated price.**
- D1, D2.. = Each factor of the bid price eg. labour, transport, clothing, footwear, etc. The total of the various factors D1, D2...etc. must add up to 100%.
- R1t, R2t..... = Index figure obtained from new index (depends on the number of factors used).
- R1o, R2o = Index figure at time of bidding.
- VPt = 15% of the original bid price. This portion of the bid price remains firm i.e. it is not subject to any price escalations.

3. The following index/indices must be used to calculate your bid price:

Index..... Dated..... Index..... Dated..... Index..... Dated.....
 Index..... Dated..... Index..... Dated..... Index..... Dated.....

4. FURNISH A BREAKDOWN OF YOUR PRICE IN TERMS OF ABOVE-MENTIONED FORMULA. THE TOTAL OF THE VARIOUS FACTORS MUST ADD UP TO 100%.

FACTOR (D1, D2 etc. eg. Labour, transport etc.)	PERCENTAGE OF BID PRICE

SBD 3.2

B PRICES SUBJECT TO RATE OF EXCHANGE VARIATIONS

1. Please furnish full particulars of your financial institution, state the currencies used in the conversion of the prices of the items to South African currency, which portion of the price is subject to rate of exchange variations and the amounts remitted abroad.

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. Bidder's declaration

2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest¹ in the enterprise, employed by the state? **YES/NO**

2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of institution	State

2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution? **YES/NO**

2.2.1 If so, furnish particulars:

2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract? **YES/NO**

2.3.1 If so, furnish particulars:

¹ the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

3 DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I certify to be true and complete in every respect:

- 3.1 I have read and I understand the contents of this disclosure;
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium² will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.**
- 3.4 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.5 There have been no consultations, communications, agreements or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.
- 3.6 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT.
I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

² Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

SBD 6.1

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL
PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

a) The applicable preference point system for this tender is the **90/10** preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	
SPECIFIC GOALS	
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 90/10 PREFERENCE POINT SYSTEMS

A maximum of 90 points is allocated for price on the following basis:

90/10

$$Ps = 90 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 90 points is allocated for price on the following basis:

90/10

$$Ps = 90 \left(1 + \frac{Pt - Pmax}{Pmax} \right)$$

Where

- Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,
- then the organ of state must indicate the points allocated for specific goals for both the 90/10 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where the 90/10 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)
Black People ownership > 51%	7	
Women Ownership > 51%	1	
Persons with Disability Ownership >51%	1	
Youth Ownership >51%	1	
Total	10	

DECLARATION WITH REGARD TO COMPANY/FIRM

S. EXECUTION PROGRAMME / PROGRAM OF WORKS

The Tenderer shall detail below or attach a preliminary programme reflecting the proposed sequence and tempo of execution of the various activities comprising the Work for this Contract. The programme shall be in accordance with the information supplied in the Contract, requirements of the Project Specifications and with all other aspects of his Tender.

The Execution Programme must be based on the completion time as specified in the Contract Data. The activities identified and filled in below, are specifically to be carried forward to Schedule T, the contractor's Method Statement.

PLEASE NOTE: the cash flow projections from the Contractor (to be submitted before commencement of the execution of the Contract) must be in accordance with this execution plan in order to ensure proper Cash flow management by the Department and to minimise delayed payments.

PROGRAMME										
ACTIVITY	MONTHS									

T. DETAILED METHOD STATEMENT

[The adjudication of the responsiveness of a bid also relies on the extent to which a tenderer can prove an understanding of the scope of works. The tenderer should describe below the methods and procedures he will employ to successfully complete the various activities as identified for the foregoing Schedule S, the Execution Programme]

U. CONTRACTOR'S HEALTH AND SAFETY DECLARATION

In terms of Clause 4(4) of the OHS Act 1993 Construction Regulations 2003 (referred to as "the Regulations" hereafter), a Contractor may only be appointed to perform construction Work if the Employer is satisfied that the Contractor has the necessary competencies and resources to carry out the Work safely in accordance with the Occupational Health and Safety Act No 85 of 1993 and the OHS Act 1993 Construction Regulations 2003.

To that effect a person duly authorised by the Tenderer must complete and sign the declaration hereafter in detail.

Declaration by Tenderer

1. I the undersigned hereby declare and confirm that I am fully conversant with the Occupational Health and Safety Act No 85 of 1993 (as amended by the Occupational Health and Safety Amendment Act No 181 of 1993), and the OHS Act 1993 Construction Regulations 2003.
2. I hereby declare that my Company has the competence and the necessary resources to safely carry out the construction Work under this Contract in compliance with the Construction Regulations and the Employer's Health and Safety Specifications.
3. I propose to achieve compliance with the Regulations by one of the following:
 - (a) From my own competent resources as detailed in 4(a) hereafter: ***Yes / No**
 - (b) From my own resources still to be appointed or trained until competency is achieved, as detailed in 4(b) hereafter: ***Yes / No**
 - (c) From outside sources by appointment of competent specialist Subcontractors as detailed in 4(c) hereafter: ***Yes / No**

(* = delete whatever is not applicable)

4. Details of resources I propose:

(Note: Competent resources shall include safety personnel such as a construction supervisor and Construction Safety Officer as defined in Regulation 6, and Competent Persons as defined in Regulations 7, 8, 10, 11, 12, 14, 15, 18, 21(1), 22, 26 and 27, as applicable to this Contract)

- (a) Details of the competent and qualified key persons from my Company's own resources, who will form part of the Contract team:

NAMES OF COMPETENT PERSONS	POSITIONS TO BE FILLED BY COMPETENT PERSONS

(b) Details of training of persons from my Company's own resources (or to be hired) who still have to be trained to achieve the necessary competency:

(i) By whom will training be provided?

(ii) When will training be undertaken?

(iii) List the positions to be filled by persons to be trained or hired:

.....
.....
.....

(c) Details of competent resources to be appointed as Subcontractors if Competent Persons cannot be supplied from own Company:

Name of proposed Subcontractor:

Qualifications or details of competency of the Subcontractor:

.....
.....
.....

5. I hereby undertake, if my Tender is accepted, to provide, before commencement of the Works under the Contract, a suitable and sufficiently Documented Health and Safety Plan in accordance with Regulation 5(1) of the Construction Regulations, which plan shall be subject to approval by the Employer.

6. I confirm that copies of my Company's approved Health and Safety Plan, the Employer's Safety Specifications as well as the OHS 1993 Construction Regulations 2003 will be provided on Site and will at all times be available for inspection by the Contractor's personnel, the Employer's personnel, the Engineer, visitors, and Officials and Inspectors of the Department of Labour.

7. I hereby confirm that adequate provision has been made in my Tendered rates and prices in the Schedule of Quantities to cover the cost of all resources, actions, training and all health and safety measures envisaged in the OHS 1993 Construction Regulations 2003, and that I will be liable for any penalties that may be applied by the Employer in terms of the said Regulations (Regulation 30) for failure on the Contractor's part to comply with the Provisions of the Act and the Regulations.

8. I agree that my failure to complete and execute this declaration to the satisfaction of the Employer will mean that I am unable to comply with the requirements of the OHS 1993 Construction Regulations 2003, and accept that my Tender will be prejudiced and may be rejected at the discretion of the Employer.

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

C1.1 Form of Offer and Acceptance

Offer

The Employer, identified in the Acceptance Signature block, has solicited Offers to enter into a Contract for the procurement of:

Contract No **ACDP 23/14** : **A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS**

The Tenderer, identified in the Offer Signature block, has examined the Documents listed in the Tender Data and addenda thereto as listed in the Returnable Schedules, and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the Tenderer, deemed to be duly authorized, signing this part of this Form of Offer and Acceptance, the Tenderer Offers to perform all of the obligations and liabilities of the Contractor under the Contract including compliance with all its Terms and Conditions according to their true intent and meaning for an amount to be determined in accordance with the Conditions of Contract identified in the Contract Data.

THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS:

.....
 Rand (in words);
R (in figures)

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this Document to the Tenderer before the end of the period of validity stated in the Tender Data, whereupon the Tenderer becomes the Party named as the Contractor in the Conditions of Contract identified in the Contract Data.

Acceptance

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall Form an Agreement between the Employer and the Tenderer upon the Terms and Conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the Contract, are contained in:

- Part C1: Agreements and Contract Data, (which includes this Agreement)
- Part C2: Pricing Data
- Part C3: Scope of work.
- Part C4: Site Information and Drawings and Documents or parts thereof, which may be incorporated by reference into Parts C1 to C4 above.

Deviations from and amendments to the Documents listed in the Tender Data and any addenda thereto as listed in the Tender Schedules as well as any changes to the Terms of the Offer agreed by the Tenderer and the Employer during this process of Offer and Acceptance, are contained in the Schedule of Deviations attached to and Forming part of this Agreement. No amendments to or deviations from said Documents are valid unless contained in this schedule.

The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) for delivery of any Bonds, Guarantees, proof of Insurance and any other Documentation to be provided in terms of the Conditions of Contract Identified in the Contract Data. Failure to fulfil any of these Obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this Document, including the Schedule of Deviations (if any). Unless the Tenderer (now Contractor) within five working days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the Contents of this Agreement, this Agreement shall constitute a binding Contract between the Parties.

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

C1.2 CONTRACT DATA

Section 1.01 The General Conditions of Contract for Construction Works (2010) published by the South African Institution of Civil Engineering, is applicable to this Contract. Copies of these Conditions of Contract may be obtained from the South African Institution of Civil Engineering (Tel: 011-805 5947).

The General Conditions of Contract for Construction Works make several references to the Contract Data for Specific Data, which together with these Conditions collectively describe the risks, liabilities and obligations of the Contracting parties and the procedures for the administration of the Contract. The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract.

Each item of Data given below is cross-referenced to the clause in the General Conditions of Contract for Construction Works to which it mainly applies.

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

C1.2.1: CONDITIONS OF CONTRACT

GENERAL CONDITIONS OF CONTRACT

SPECIAL CONDITIONS OF CONTRACT

- 1. GENERAL**
- 2. AMENDMENTS TO THE GENERAL CONDITIONS OF CONTRACT**
- 3. TRANSFER OF RIGHTS**

C1.2.1 CONDITIONS OF CONTRACT

GENERAL CONDITIONS OF CONTRACT

This Contract will be based on the "General Conditions of Contract for Construction Works - 1st Edition 2010", issued by the South African Institution of Civil Engineering (Short title: "**General Conditions of Contract 2010**") and can be obtained from:

SAICE

Waterfall Park
Howick Gardens
Vorna Valley Half way House
Becker Street
MIDRAND
1685
Gauteng Province
Tel: (011) 805-5947/8
Fax: (011) 805-5971

It is agreed that the only variations from the General Conditions of Contract 2010 are those set out hereafter under "Special Conditions of Contract".

SPECIAL CONDITIONS OF CONTRACT

1. GENERAL

These Special Conditions of Contract (SCC) form an integral part of the Contract. The Special Conditions shall amplify, modify or supersede, as the case may be, the General Conditions of Contract 2010 to the extent specified below, and shall take precedence and shall govern.

The clauses of the Special Conditions hereafter are numbered "SCC" followed in each case by the number of the applicable clause or sub clause in the General Conditions of Conditions 2010, and the applicable heading, or (where a new special condition that has no relation to the existing clauses is introduced) by a number that follows after the last clause number in the General Conditions, and an appropriate heading.

2. FOR CONTRACT ABOVE R3M (THREE MILLION RAND), THE FOLLOWING SPECIAL CONDITIONS APPLY

- (a) (i) All bidders from outside the province must enter into a Consortium or Joint Venture with local SMMEs or suppliers.
 - (ii) Preference must be given to local bidders entering into Joint Ventures with local SMME's or suppliers.
 - (iii) The members of consortium or Joint Venture, formed in response to preferential procurement conditions, must share in the control and management of such consortium.
 - (iv) The percentage of the contract value managed or executed by the local partner must not be less than 40% of the project value.
 - (v) All white owned bidders must enter into join venture with black owned local contractor and percentage of management and control for equity owned by black must not be less than 25% in the venture arrangement.
- (b) The AO/AA may, after consulting the departmental or public entities demand management unit, in the bid documentation, exempt bidders from complying with the provisions of clause (a), if there are no SMME's or suppliers in Limpopo with the skills or knowledge required to execute the project.
- (c) In the case of construction works, applicable to the construction industry;
- (d) (i) The Consortium or Joint Venture that benefits from the preference system, must within 30 days of receiving notice of the contract ,must organize themselves into legal entity or provide with a working agreement between members of the Joint venture or consortium. Successful suppliers, both from in and outside the province, must upon implementation of the project, establish fully fledged office, branch or plant in the province.

- The department reserves the right to retain a percentage of contract value to ensure that the above condition is complied with.
- (ii) The retained fee must be paid to the supplier or service provider on successfully completing the contract and after having complied with the special conditions.
 - (iii) Where the supplier or service provider fails to successfully complete the contract or comply with any condition, such supplier or service provider will forfeit the retained percentage.
 - (iv) Notwithstanding the forfeiture of the retained percentage of the contract value, if the failure to comply with conditions in clause (i) amounts to breach of the contract, the department or public entity may invoke any remedy available to it in law.
 - (v) A performance guarantee of 10% is applicable to all contracts above R2 000 000.00 and must be obtained from either commercial bank or insurance company prior to award of bids. The performance security shall be dominated in the currency of the contract and shall be in the form of a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in South Africa. The accounting officer reserves the right to cancel the award of the bid when the bidder fails to present the required security as stipulated in the special conditions.
- (e) In all labour intensive projects, at least 70% of the labourers must be employed from the local community where the project will be executed.

3. AMENDMENTS TO THE GENERAL CONDITIONS OF CONTRACT

Clause no.	Description
SCC 4.5.2	Replace the term “Safety” with “Occupational Health and Safety”
SCC 42.2	Add the following to the sub-clause: Extension of time in respect of abnormal rainfall shall be calculated using the rainfall (Formula 1) for each calendar month or part thereof.
SCC 49.6.1 to 4.9.6.3	Replace the term “Bank” with “Bank or Insurance Company”
SCC 55.1.8	Replace sub-clause with: The Contractor or anyone on his behalf or in his employ would pay, offer or offer as payment to any person in the employ of the Employer, or in the employ of the Engineer, a gratuity or reward or commission.
SCC 50	Replace the Heading with “ VARIATIONS EXCEEDING 20 PERCENT ”
SCC 50.1	Replace the wording: “ <i>greater than 15 percent</i> ” with “ <i>greater than 20 percent</i> ”.
	<u>The following additional clauses to the General Conditions of Contract shall apply:</u>

SCC 59	LABOUR INTENSIVE WORKS
SCC 59.1	<p>Payment for the labour-intensive component of the works</p> <p>Payment for works identified in the Scope of Work as being labour-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the scope of work. Any non-payment for such works shall not relieve the Contractor in any way from his obligations either in Contract or in delict.</p>
SCC 59.2	<p>Applicable labour laws</p> <p>The Ministerial Determination, Special Public Works Programmes, issued in terms of the Basic Conditions of Employment Act of 1997 by the Minister of Labour in Government Notice No R63 of 25 January 2002, as reproduced below, shall apply to work which are undertaken by unskilled or semi-skilled workers.</p>
SCC 59.3.1	<p>Introduction</p> <p>(a) This document contains the Standard Terms and Conditions for workers employed in elementary occupations on a Special Public Works Programme (SPWP). These terms and Conditions do NOT apply to persons employed in the supervision and management of a SPWP.</p> <p>(b) In this document –</p> <ul style="list-style-type: none"> (i) “Department” means any department of State, implementing Agent or Contractor; (ii) “Employer” means any Municipality, implementing Agency or Contractor that hires workers to work in elementary occupations on a SPWP; (iii) “worker” means any person working in an elementary occupation on a SPWP.; (iv) “elementary occupation” means any occupation involving unskilled or semi-skilled work; (v) “Management” means any person employed by a Municipality or implementing Agency to administer or execute an SPWP; (vi) “task” means a fixed quantity of work; (vii) “task-based work” means work in which a worker is paid a fixed rate for performing a task; (viii) “task-rated worker” means a worker paid on the basis of the number of tasks completed; (ix) “time-rated worker” means a worker paid on the basis of the length of time worked.
SCC 59.3.2	<p>Terms of Work</p> <ul style="list-style-type: none"> (a) Workers on a SPWP are employed on a temporary basis. (b) A worker may NOT be employed for longer than 24 months in any five year cycle on a SPWP. (c) Employment on a SPWP does not qualify as employment as a contributor for the purpose of the Unemployment Insurance Act 30 of 1966.

SCC 59.3.3	<p>Normal Hours of Work</p> <p>(a) An Employer may not set tasks or hours of work that require a worker to work–</p> <ul style="list-style-type: none"> (i) more than forty hours in any week (ii) on more than five days in any week; and (iii) for more than eight hours on any day. <p>(b) An Employer and worker may agree that a worker will work four days per week. The worker may then work up to ten hours per day.</p> <p>(c) A task-rated worker may not work more than a total of 55 hours in any week to complete the tasks allocated (based on a 40-hour week) to that worker.</p>
SCC 59.3.4	<p>Meal Breaks</p> <p>(a) A worker may not work for more than five hours without taking a meal break of at least thirty minutes duration.</p> <p>(b) An Employer and worker may agree on longer meal breaks.</p> <p>(c) A worker may not work during a meal break. However, an Employer may require a worker to perform duties during a meal break if those duties cannot be left unattended and cannot be performed by another worker. An Employer must take reasonable steps to ensure that a worker is relieved of his or her duties during the meal break.</p> <p>(d) A worker is not entitled to payment for the period of a meal break. However, a worker who is paid on the basis of time worked must be paid if the worker is required to work or to be available for work during the meal break.</p>
SCC 59.3.5	<p>Special Conditions for Security Guards</p> <p>(a) A security guard may work up to 55 hours per week and up to eleven hours per day.</p> <p>(b) A security guard who works more than ten hours per day must have a meal break of at least one hour or two breaks of at least 30 minutes each.</p>
SCC 59.3.6	<p>Daily Rest Period</p> <p>Every worker is entitled to a daily rest period of at least eight consecutive hours. The daily rest period is measured from the time the worker ends work on one day until the time the worker starts work on the next day.</p>
SCC 59.3.7	<p>Weekly Rest Period</p> <p>Every worker must have two days off every week. A worker may only work on their day off to perform work which must be done without delay and cannot be performed by workers during their ordinary hours of work (“emergency work”).</p>
SCC 59.3.8	<p>Work on Sundays and Public Holidays</p> <p>(a) A worker may only work on a Sunday or Public holiday to perform emergency or security work.</p> <p>(b) Work on Sundays is paid at the ordinary rate of pay.</p> <p>(c) A task-rated worker who works on a public holiday must be paid –</p>

	<p>maternity leave and when she will return to work.</p> <p>(d) A worker is not required to take the full period of maternity leave. However, a worker may not work for four weeks before the expected date of birth of her child or for six weeks after the birth of her child, unless a medical practitioner, midwife or qualified nurse certifies that she is fit to do so.</p> <p>(e) A worker may begin maternity leave –</p> <p>(i) four weeks before the expected date of birth; or</p> <p>(ii) on an earlier date –</p> <p>(1) if a medical Practitioner, Midwife or Certified Nurse certifies that it is necessary for the health of the worker or that of her unborn child; or</p> <p>(2) if agreed to between Employer and worker; or</p> <p>(iii) on a later date, if a medical Practitioner, Midwife or Certified nurse has certified that the worker is able to continue to work without endangering her health.</p> <p>(f) A worker who has a miscarriage during the third trimester of pregnancy or bears a stillborn child may take maternity leave for up to six weeks after the miscarriage or stillbirth.</p> <p>(g) A worker who returns to work after maternity leave has the right to start a new cycle of twenty-four months employment, unless the SPWP on which she was employed has ended.</p>
<p>SCC 59.3.11</p>	<p>Family responsibility leave Workers, who work for at least four days per week, are entitled to three days paid family responsibility leave each year in the following circumstances –</p> <p>(a) when the employee’s child is born;</p> <p>(b) when the employee’s child is sick;</p> <p>(c) in the event of a death of –</p> <p>(i) the employee’s spouse or life partner;</p> <p>(ii) the employee’s parent, adoptive parent, grandparent, child, adopted child, grandchild or sibling.</p>
<p>SCC 59.3.12</p>	<p>Statement of Conditions</p> <p>(a) An Employer must give a worker a statement containing the following details at the start of employment –</p> <p>(i) the Employer’s name and address and the name of the SPWP;</p> <p>(ii) the tasks or job that the worker is to perform; and</p> <p>(iii) the period for which the worker is hired or, if this is not certain, the expected duration of the Contract;</p> <p>(iv) the worker’s rate of pay and how this is to be calculated;</p> <p>(v) the training that the worker will receive during the SPWP.</p> <p>(b) An Employer must ensure that these terms are explained in a suitable language to any employee who is unable to read the statement.</p> <p>(c) An Employer must supply each worker with a copy of these Conditions of</p>

	employment.
SCC 59.3.13	<p>Keeping Records</p> <p>(a) Every Employer must keep a written record of at least the following –</p> <ul style="list-style-type: none"> (i) the worker’s name and position; (ii) in the case of a task-rated worker, the number of tasks completed by the worker; (iii) in the case of a time-rated worker, the time worked by the worker; (iv) payments made to each worker. <p>(b) The Employer must keep this record for a period of at least three years after the completion of the SPWP.</p>
SCC 59.3.14	<p>Payment</p> <p>(a) An Employer must pay all wages at least monthly in cash or by cheque or into a bank account.</p> <p>(b) A task-rated worker will only be paid for tasks that have been completed.</p> <p>(c) An Employer must pay a task-rated worker within five weeks of the work being completed and the work having been approved by the manager or the Contractor having submitted an invoice to the Employer.</p> <p>(d) A time-rated worker will be paid at the end of each month.</p> <p>(e) Payment must be made in cash, by cheque or by direct deposit into a bank account designated by the worker.</p> <p>(f) Payment in cash or by cheque must take place –</p> <ul style="list-style-type: none"> (i) at the workplace or at a place agreed to by the worker; (ii) during the worker’s working hours or within fifteen minutes of the start or finish of work; (iii) in a sealed envelope which becomes the property of the worker. <p>(g) An Employer must give a worker the following information in writing –</p> <ul style="list-style-type: none"> (i) the period for which payment is made; (ii) the numbers of tasks completed or hours worked; (iii) the worker’s earnings; (iv) any money deducted from the payment; (v) the actual amount paid to the worker. <p>(h) If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it</p> <p>(i) If a worker’s employment is terminated, the Employer must pay all monies owing to that worker within one month of the termination of employment.</p>

SCC 59.3.15	<p>Deductions</p> <ul style="list-style-type: none"> (a) An Employer may not deduct money from a worker’s payment unless the deduction is required in terms of a law. (b) An Employer must deduct and pay to the SA Revenue Services any income tax that the worker is required to pay. (c) An Employer who deducts money from a worker’s pay for payment to another person must pay the money to that person within the time period and other requirements specified in the agreement law, court order or arbitration award concerned. (d) An Employer may not require or allow a worker to – <ul style="list-style-type: none"> (i) repay any payment except an overpayment previously made by the Employer by mistake; (ii) state that the worker received a greater amount of money than the Employer actually paid to the worker; or (iii) pay the Employer or any other person for having been employed.
SCC 59.3.16	<p>Health and Safety</p> <ul style="list-style-type: none"> (a) Employers must take all reasonable steps to ensure that the working environment is healthy and safe. (b) A worker must – <ul style="list-style-type: none"> (i) work in a way that does not endanger his/her health and safety or that of any other person; (ii) obey any health and safety instruction; (iii) obey all health and safety rules of the SPWP; (iv) use any personal protective equipment or clothing issued by the Employer; (e) report any accident, near-miss incident or dangerous behaviour by another person to their Employer or manager.
SCC 59.3.17	<p>Compensation for Injuries and Diseases</p> <ul style="list-style-type: none"> (a) It is the responsibility of the Employers (other than a Contractor) to arrange for all persons employed on a SPWP to be covered in terms of the Compensation for Occupational Injuries and Diseases Act, 130 of 1993. (b) A worker must report any work-related injury or occupational disease to their Employer or manager. (c) The Employer must report the accident or disease to the Compensation Commissioner. (d) An Employer must pay a worker who is unable to work because of an injury caused by an accident at work 75% of their earnings for up to three months. The Employer will be refunded this amount by the Compensation Commissioner. This does NOT apply to injuries caused by accidents outside the workplace such as road accidents or accidents at home.

<p>SCC 59.3.18</p>	<p>Termination</p> <p>(a) The Employer may terminate the employment of a worker for good cause after following a fair procedure.</p> <p>(b) A worker will not receive severance pay on termination.</p> <p>(c) A worker is not required to give notice to terminate employment. However, a worker who wishes to resign should advise the Employer in advance to allow the Employer to find a replacement.</p> <p>(d) A worker who is absent for more than three consecutive days without informing the Employer of an intention to return to work will have terminated the Contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.</p> <p>(e) A worker who does not attend required training events, without good reason, will have terminated the Contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.</p>
<p>SCC 59.3.19</p>	<p>Certificate of Service</p> <p>On termination of employment, a worker is entitled to a certificate stating –</p> <ul style="list-style-type: none"> (i) the worker’s full name; (ii) the name and address of the Employer; (iii) the SPWP on which the worker worked; (iv) the work performed by the worker; (v) any training received by the worker as part of the SPWP; (vi) the period for which the worker worked on the SPWP; (vii) any other information agreed on by the Employer and worker.
<p>SCC 59.3.20</p>	<p>Reporting</p> <p>The Contractor shall report the breakdown of each payment certificate into the broad categories of:</p> <ul style="list-style-type: none"> a) Overheads, b) Supervision, c) Materials, d) Plant, and e) Labour. <p>The Contractor shall further report for each payment certificate the person-days of employment as set out in the Pro Forma, Schedule X: Monthly Labour Report.</p> <p>In the calculation of person-days, a day shall be taken as 8 hours and no time over and above 8 hours per day shall be used to contribute to the number of person-days reported.</p>
<p>SCC 59.3.21</p>	<p>Source of Labour</p> <p>The Contractor shall source his labour from the local area through the services of an appropriate Councillor or Community Liaison Officer or another appointed person who has contact with a labour pool in the area.</p>

I, the undersigned (name of signatory) in my capacity as

..... of (name of Contractor)

duly authorised hereto on behalf of the Contractor hereby transfer, cede and assign all the Contractor’s rights, title and interest in and to the materials and goods, for which evidence of bona fide ownership is attached hereto, unto and in favour of (name of Employer) insofar as the Contractor retains actual control of the materials and goods, the right of ownership thereof passes to the Employer by *constitutum possessorium*.

I herewith indemnify the Employer against any claim to and in respect of said materials by reason of the Contractor’s sequestration or liquidation or of any defect in the Contractor’s title to the materials and agree that no payment for materials on site will be made by the Employer until such time as I have submitted documentary proof of bona fide ownership of the said materials and goods.

This transfer shall become effective upon conclusion of the Contractor receiving payment from the Employer or from any other person on behalf of the Employer for the materials and goods as Materials on Site, payment of retention money thereon excluded.

I further confirm that I am fully responsible for all materials and goods listed under this Transfer of Rights and that they have been insured adequately against all risks and will remain insured until they are built into or used in the permanent works and taken over by the Employer.

This certificate of Transfer of Rights applies only to the materials and goods as listed in the following table.

Description of Item	Unit	Quantity	Rate	Amount	Supplier
Total Value of Materials and goods					

Signed by: **Date:**
 for and on behalf of the Contractor.

Witnessed by: **Date:**

NOTE: This form, together with the documentary proof of ownership or proof of payment by the Contractor to the supplier, shall accompany the Contractor’s claim for payment for materials on site in terms of Clause 49.1.5 of the General Conditions of Contract 2004.

C1.2.2 PART A: DATA PROVIDED BY THE EMPLOYER

The following Contract Specific Data are applicable to this Contract.

REFERENCE CONTRACT SPECIFIC DATA BY THE EMPLOYER

* Contractor to indicate the type, unit and rate of special material to be listed. When called upon to do so, the Contractor shall substantiate the above rates or prices with acceptable documentary evidence. Contractor to provide any other Special Materials if deemed necessary

C1.3 FORM OF GUARANTEE - PRO FORMA

Contract No.

WHEREAS **The Limpopo Department of Agriculture and Rural Development** (hereinafter referred to as the Employer”) entered into, a Contract with:

.....
(Hereinafter called “the Contactor”) on the day of 20.....

for **TERM CONTRACT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS.**

AND WHEREAS it is provided by such Contract that the Contractor shall provide the Employer with security by way of a Guarantee for the due and faithful fulfilment of such Contract by the Contractor;

AND WHEREAS has / have at the request of the Contractor, agreed to give such Guarantee;

NOW THEREFORE WE do hereby Guarantee and bind ourselves jointly and severally as Guarantor and Co-principal Debtors to the Employer under renunciation of the benefits of division and execution for the due and faithful performance by the Contractor of all the Terms and Conditions of the said Contract, subject to the following Conditions:

1. The Employer shall, without reference and / or notice to us, have complete liberty of action to act in any manner authorized and/or contemplated by the terms of the said Contract, and/or to agree to any modifications, variations, alterations, directions or extensions of the completion date of the works under the said Contract, and that its rights under this Guarantee shall in no way be prejudiced nor our liability hereunder be affected by reason of any steps which the Employer may take under such Contract, or of any modification, variation, alterations of the completion date which the Employer may make, give, concede or agree to under the said Contract.
2. This Guarantee shall be limited to the payment of a sum of money.
3. The Employer shall be entitled, without reference to us, to release any Guarantee held by it, and to give time to or compound or make any other arrangement with the Contractor.
4. This Guarantee shall remain in full force and effect until the issue of the Certificate of Completion in terms of the Contract, unless we are advised in writing by the Employer before the issue of the said Certificate of his intention to institute claims, and the particulars thereof, in which event this Guarantee shall remain in full force and effect until all such claims have been paid or liquidated.
5. Our total liability hereunder shall not exceed the Guaranteed Sum of:
.....
.....Rand (in words);
R. (in figures)
6. The Guarantor reserves the right to withdraw from this Guarantee by depositing the Guaranteed Sum with the beneficiary, whereupon our liability hereunder shall cease.
7. We hereby choose our address for the serving of all notices for all purposes arising here from as

C1.4: AGREEMENT IN TERMS OF SECTION 37(2) OF THE OCCUPATIONAL HEALTH AND SAFETY ACT NO 85 OF 1993

THIS AGREEMENT is made between **The Limpopo Department of Agriculture and Rural Development**
(hereinafter called the EMPLOYER of the one part, herein represented by:

.....
in his capacity as:

AND:
(hereinafter called the CONTRACTOR) of the other part, herein represented by

.....
in his capacity as:
duly authorised to sign on behalf of the Contractor.

WHEREAS the CONTRACTOR is the Mandatory of the EMPLOYER in consequence of an Agreement between the CONTRACTOR and the EMPLOYER in respect of

CONTRACT No: ACDP 23/14: TERM CONTRACT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS.

AND WHEREAS the EMPLOYER and the CONTRACTOR have agreed to enter into an agreement in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No 85 of 1993, as amended by OHS Act Amendment Act No 181/1993 (hereinafter referred to as the ACT);

NOW THEREFORE the parties agree as follows:

1. **The CONTRACTOR undertakes to acquaint the appropriate officials and employees of the CONTRACTOR with all relevant provisions of the ACT and the regulations promulgated in terms thereof.**
2. The CONTRACTOR undertakes to fully comply with all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations: Provided that should the EMPLOYER have prescribed certain arrangements and procedures that same shall be observed and adhered to by the CONTRACTOR, his officials and employees. The CONTRACTOR shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.
3. The CONTRACTOR hereby accepts Sole Liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures, if any, imposed by the ACT and Regulations, and the CONTRACTOR expressly absolves the EMPLOYER and the Employer's CONSULTING ENGINEERS from being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedures in respect of the work included in the Contract.
4. The CONTRACTOR agrees that any duly authorised officials of the EMPLOYER shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the CONTRACTOR has complied with his undertakings as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to, the right to inspect any appropriate site or premises occupied by the CONTRACTOR, or to take such steps it may deem necessary to remedy the default of the CONTRACTOR at the cost of the CONTRACTOR.
5. The CONTRACTOR shall be obliged to report forthwith to the EMPLOYER any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the ACT and Regulations, pursuant to work performed in terms of this agreement, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charge.

PART C2: PRICING DATA

C2.1: PRICING INSTRUCTIONS

C2.2: BILL OF QUANTITIES

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS.

C2.1 Pricing Instructions

1. Measurement and payment shall be in accordance with the relevant provisions of the General Conditions of Contract (2010 edition) as amended in the Scope of Works.

2. The units of measurement described in this Bill of Quantities are metric units. Abbreviations used in the Bill of Quantities are as follows:

%	=	percent
h	=	hour
ha	=	hectare
kg	=	kilogram
kl	=	kilolitre
km	=	kilometre
km-pass	=	kilometre-pass
kPa	=	kilopascal
kW	=	kilowatt
l	=	litre
m	=	metre
mm	=	millimetre
m ²	=	square metre
m ² -pass	=	square metre-pass
m ³	=	cubic metre
m ³ -km	=	cubic metre-kilometre
MN	=	meganewton
MN.m	=	meganewton-metre
MPa	=	megapascal
No.	=	number
Prov sum	=	Provisional sum
PC sum	=	Prime Cost sum
R/only	=	Rate only
sum	=	lump sum
t	=	ton (1000 kg)
W/day	=	Work day

3. For the purpose of this Bill of Quantities, the following words shall have the meanings hereby assigned to them:

Unit:	The unit of measurement for each item of work as defined in the Specifications
Quantity:	The number of units of work for each item.
Rate:	The agreed payment per unit of measurement.
Amount:	The product of the quantity and the agreed rate for an item.
Lump sum:	An agreed amount for an item, the extent of which is described in the Bills of Quantities but the quantity of work of which is not measured in any units.

4. Unless otherwise stated, items are measured net in accordance with the Drawings, and no allowance is made for waste.

5. The prices and rates in this Bill of Quantities are fully inclusive prices for the Work described under the items. Such prices and rates cover all costs and expenses that may be required in and for the execution of the Work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit. These prices will be used as a basis for assessment of payment for additional Work that may have to

be carried out.

6. It will be assumed that prices included in the Bill of Quantities are based on Acts, Ordinances, Regulations, By-laws, International Standards and National Standards that were published 28 days before the closing date for Tenders. (Refer to www.stanza.org.za or www.iso.org for information on Standards)
7. Where the Scope of Work requires detailed Drawings and designs or other information to be provided, all costs associated therewith are deemed to have been provided for and included in the unit rates and sum amount Tendered such items
8. An item against which no price is entered will be considered to be covered by the other prices or rates in the Bill of Quantities. A single Lump Sum will apply should a number of items be grouped together for pricing purposes.
9. The quantities set out in this Bill of Quantities are approximate and do not necessarily represent the actual amount of Work to be done. The quantities of work accepted and Certified for Payment will be used for determining payments due and not the quantities given in this Bill of Quantities.
10. The short descriptions of the items of payment given in this Bill of Quantities are only for the purposes of identifying the items. More details regarding the extent of the work entailed under each item appear in the Scope of Work.
11. The item numbers appearing in the Bills of Quantities refer to the corresponding item numbers in the Specifications were applicable.
12. Those parts of the contract to be constructed using labour-intensive methods have been marked in the Bills of Quantities with the letters "LI" in a separate column filled in against every item so designated. The works, or parts of the works so designated are to be constructed using labour-intensive methods only. The use of plant to provide such works, other than plant specifically provided for in the scope of work, is a variation to the contract. The items marked with the letters LI are not necessarily an exhaustive list of all the activities which must be done by hand, and this clause does not over-ride any of the requirements in the generic labour intensive specification in the Scope of Works.
13. Payment for items which are designated to be constructed labour-intensively (either in this schedule or in the Scope of Works) will not be made unless they are constructed using labour-intensive methods. Any unauthorised use of plant to carry out work which was to be done labour-intensively will not be condoned and any works so constructed will not be certified for payment.

5.9	Replacement of curtain wall controllers wiring hamess.	each	1		
5.10	Replacement of VRV IV inverter PC board	each	1		
5.11	Replacement of VRV III inverter PC board	each	1		
5.12	Vibration eliminator 1 1/8"	each	1		
5.13	Replacement of indoor pc board (Cassette) for Daikin VRV IV	each	1		
5.14	Replacement of indoor pc board for Alliance, TLC, daikin, LG, (12000 to 18000 btu).	each	1		
5.15	Replacement of condensate pumps for mid wall split, under ceiling and cassette units	each	1		
5.16	Refrigerant Gas / kilo		1		
5.17	R 22	per 13.6 kg container	1		

5.18	R410A	per 13.6 kg container	1		
5.19	25 X 50 X 1.6mm Galvanised Bonox mesh per meter	per meter	1		
5.20	Daikin VRV IV Discharge temperature sensor	each	1		
5.21	P 2000 trunking per meter	per meter	1		
5.22	Replacement of Chiller plant vapour proof water pressure switch / Flow switch	each	1		
5.23	Replacement of Chiller plant condensing pump, 7.5kw Type ETA 65-315 Impeller Dia 285mm	each	1		
5.24	Daikin VRV III Discharge temperature sensor	each	1		
5.25	Chiller Plant cooling tower chemicals-Nitric Acid Solution	per 25ltr container	1		
5.26	Replacement of 600x600cm washable air filters	each	1		
5.27	Replacement of V Belts no 2240	match set of 3	1		
5.28	AC Wall Brackets 650mm	each	1		
5.29	Replacement of 24volt relays	each	1		
5.30	Replacement of 220 volt relays	each	1		
5.31	Penlight AAA batteries	each	1		
5.32	Universal remote for mid wall split type units	each	1		
5.33	Trunking 60 x 80mm x 2m lengths (white)	each	1		
5.34	Trunking 60 x 80mm outer bends (White)	each	1		
5.35	Trunking endcap (White)	each	1		
5.36	20mm Conduit (white) 4m	each	1		
5.37	20mm Bends	each	1		
5.38	60 mf Capacitors	each	1		
5.39	50 mf Capacitors	each	1		
5.40	30 mf Capacitors	each	1		
5.41	400v Over/under speed voltage relay	each	1		
5.42	24v multi range relay	each	1		
5.43	Adaptor 1/4x1/2	each	1		
5.44	Adaptor 1/4x1/2	each	1		
5.45	1/2" Bi-Flow Drier	each	1		
5.46	Oxy & Acetylene Porta Pack	each	1		
5.47	220v star delta timer	each	1		
5.48	10.3x38 cylinder 5A fuse	each	1		

5.49	10.3x38 cylinder 16A fuse	each	1		
5.50	14x51 cylinder 25A fuse	each	1		
5.51	14x51 cylinder 32A fuse	each	1		
5.52	1/4" 6.35mm Copper piping	15.24 meter roll	1		
5.53	3/8" 9.35mm Copper piping	15.24 meter roll	1		
5.54	1/2" 12.7mm Copper piping	15.24 meter roll	1		
5.55	3/4" 19.05mm Copper piping	15.24 meter roll	1		
5.56	1/4" 6.35mm Copper piping insulation	15.24 meter roll	1		
5.57	3/8" 9.35mm Copper piping insulation	15.24 meter roll	1		
5.58	1/2" 12.7mm Copper piping insulation	15.24 meter roll	1		
5.59	3/4" 19.05mm Copper piping insulation	15.24 meter roll	1		
5,2	BUILDING WORKS				
	DEMOLITIONS				
	DEMOLISHING AND REMOVING				
5,2,1	Demolish existing building structures comprising of brickwork, roofing, closures and foundations. and dispose safely	m2	1		
5,2,2	Demolition of non-reinforced concrete	m2	1		
5,2,3	Demolition of reinforced concrete	m2	1		
5,2,4	Cart away rubble from demolitions and dispose off site.	m3	1		
5,2,5	Restore site with soil material filling and compacton	m3	1		
5,2,6	Empty Sewage Septic tank and dispose in line with regulations	m3	1		
5,2,7	Decomishion a pit toilet, including treatment,removal and disposal of sluge waste	no	1		
5,2,8	Removal of fencing and storing materials on site located area, max of 1,8m high	m	1		
5,2,9	EARTHWORKS				
5,2,10	Excavation in earth not exceeding 1,5m deep:				
5,2,11	Foundation Trenches	m3	1		
5,2,12	Footing Holes.	m3	1		
5,2,13	Cut levels and depositing excavated material in prescribed stock piles on site.	m3	1		
5,2,14	Extra over trench and hole excavations in earth for excavation in:				

5,2,15	Intermediate excavation	m3	1		
5,2,16	Soft/loose rock	m3	1		
5,2,17	Hard rock	m3	1		
5,2,18	Extra over all excavations for carting away:				
5,2,19	Surplus material from excavations and/or stock piles on site to a dumping site to be located by the contractor.	m3	1		
5,2,20	Risk of collapse of excavations:				
5,2,21	Sides of trench and hole excavations not exceeding 1,5m deep.	m2	1		
5,2,22	Ditto, but from ground level to exceeding 1,5m.	m2	1		
5,2,23	SOIL POISONING				
5,2,24	Vegetation herbicide and anti-termite soil poisoning applied by a Registered Pest Control company utilizing complaint chemical compounds				
5,2,25	Surrounding area, foundation trenches/ furrows, under floors, forming against foundation walls,	m2	1		
5,2,26	To bottoms and sides of trenches, holes, etc.	m2	1		
5,2,27	EARTH FILLING				
5,2,28	Earth filling obtained from the excavations and / or prescribed stock piles on site (minimum G7 material) compacted to 93% Mod. AASHTO density:				
5,2,29	Backfilling to trenches, holes, etc.	m3	1		
5,2,30	Under floors, steps, pavings, trenches, etc.	m3	1		
5,2,31	Imported G5 filling, selected and supplied by the Contractor, including depositing in layers not exceeding 150mm thick and compacting to 98% modified AASHTO dry density to trenches, holes, etc.				
5,2,32	Under floors, etc.	m3	1		
5,2,33	Imported G7 filling, selected and supplied by the Contractor, including depositing in layers not exceeding 150mm thick and compacting to 98% modified AASHTO dry density to holes, trenches etc.				
5,2,34	Under floors, etc.	m3	1		

5,2,35	Backfilling to holes, trenches, etc.	m3	1		
5,2,36	Coarse river sand filling supplied by the contractor:				
5,2,37	Under floors etc.	m3	1		
5,2,38	Compaction of surfaces:				
5,2,39	Compaction of ground surface under floors etc including scarifying for a depth of 150mm, breaking down oversize material, adding suitable material where necessary and compacting to 93% Mod AASHTO density.	m2	1		
5,2,40	Prescribed density tests on filling:				
5,2,41	Allow for compaction tests by an approved laboratory to determine density of filling material.	no	1		
5,2,42	Prescribed soil material testing:				
5,2,43	Allow for sample collection and submitting for test by an approved laboratory to determine material class, for site stock piled and borrowing materials	no	1		
5,2,44	CONCRETE, FORMWORK AND REINFORCEMENT				
5,2,45	15Mpa/19mm Concrete				
5,2,46	Surface blinding under footings and bases.	m3	1		
5,2,47	20Mpa/19mm Screed				
5,2,48	Surface screeds, limited to 30mm thick	m3	1		
5,2,49	25MPa/19mm Un-Reinforced concrete casting and vibrated:				
5,2,50	Foundations, footings to columns, footings to walls, cavity walls, slabs, apron, Floors / surface beds, etc	m3	1		
5,2,51	25MPa/19mm Reinforced concrete casting and vibrated:				
5,2,52	Foundations, footings to columns, footings to walls, cavity walls, slabs, apron, Floors / surface beds, etc	m3	1		
5,2,53	30MPa/19mm Unreinforced concrete casting and vibrated:				

5,2,54	Foundations, footings to columns, footings to walls, cavity walls, slabs, apron, Floors / surface beds, etc	m3	1		
5,2,55	30MPa/19mm Reinforced concrete casting and vibrated:				
5,2,56	Foundations, footings to columns, footings to walls, cavity walls, slabs, apron, Floors / surface beds, etc	m3	1		
5,2,57	Concrete Test Blocks				
5,2,58	Making and testing of 150x150x150mm concrete strength test cubes	no	1		
5,2,59	Concrete Surface Finishing				
5,2,60	Finishing top surfaces of concrete to or with				
5,2,61	Smooth wood finish	m2	1		
5,2,62	Steel Float Finish				
5,2,63	Charmfers at corners				
5,2,64	19 x 19mm triangular fillet at corners forming	m	1		
5,2,65	ROUGH FORMWORK				
5,2,66	Permanent Formwork:				
5,2,67	To sides, edging, risers, ends and reveals, not exceeding 300mm height	m2	1		
5,2,68	To sides, edging, risers, ends and reveals, not exceeding 600mm height	m2	1		
5,2,69	To sides, edging, risers, ends and reveals, not exceeding 1500mm height	m2	1		
5,2,70	Circular columns shuttering	m2	1		
5,2,71	Suspended slabs shuttering	m2	1		
5,2,72	Temporal Formwork:				
5,2,73	To sides, edging, risers, ends and reveals, not exceeding 300mm height	m2	1		
5,2,74	To sides, edging, risers, ends and reveals, not exceeding 600mm height	m2	1		
5,2,75	To sides, edging, risers, ends and reveals, not exceeding 1500mm height	m2	1		
5,2,76	Circular columns shuttering	m2	1		
5,2,77	Suspended slabs shuttering	m2	1		
5,2,78	SMOOTH FORMWORK				
5,2,79	Permanent Formwork:				

5,2,80	To sides, edging, risers, ends and reveals, not exceeding 300mm height	m2	1		
5,2,81	To sides, edging, risers, ends and reveals, not exceeding 600mm height	m2	1		
5,2,82	To sides, edging, risers, ends and reveals, not exceeding 1500mm height	m2	1		
5,2,83	Circular columns shuttering	m2	1		
5,2,84	Suspended slabs shuttering	m2	1		
5,2,85	Temporal Formwork:				
5,2,86	To sides, edging, risers, ends and reveals, not exceeding 300mm height	m2	1		
5,2,87	To sides, edging, risers, ends and reveals, not exceeding 600mm height	m2	1		
5,2,88	To sides, edging, risers, ends and reveals, not exceeding 1500mm height	m2	1		
5,2,89	Circular columns shuttering	m2	1		
5,2,90	Suspended slabs shuttering	m2	1		
5,2,91	Reinforced precasted rib and block Slabs as permanent shutters - top ref mesh and concrete topping measured elsewhere	m2	1		
5,2,92	CONCRETE JOINTS				
5,2,93	Saw cut joints:				
5,2,94	6mm wide x 50mm deep Saw cut joints on top of concrete	m	1		
5,2,95	Construction Joints				
5,2,96	6mm Soft board, not exceeding	m	1		
5,2,97	CONCRETE REINFORCEMENT				
5,2,98	High tensile steel reinforcement bars to structural concrete work.	t	1		
5,2,99	Fabric reinforcement:				
5,2,100	REF. 193 fabric reinforcement in concrete surface beds, raft slabs etc.	m2	1		
5,2,101	REF. 245 fabric reinforcement in concrete surface beds, raft slabs etc.	m2	1		
5,2,102	REF. 395 fabric reinforcement in concrete surface beds, raft slabs etc.	m2	1		
5,2,103	REF. 617 fabric reinforcement in concrete surface beds, raft slabs etc.	m2	1		

5,2,104	REF. 888 fabric reinforcement in concrete surface beds, raft slabs etc.	m2	1		
5,2,105					
5,2,106	BRICKWORK				
5,2,107	Brickwork consisting of solid bricks with 10.5 MPa minimum nominal compressive strength in Class I mortar with Coprox masonry waterproofing or equal approved waterproof cement additive. (Cement to be 42.5N all-purpose cement):				
5,2,108	220mm wide (One brick) walls.	m2	1		
5,2,109	110mm wide (half brick) walls.	m2	1		
5,2,110	150mm wide (one brick) using maxi bricks walls.	m2	1		
5,2,111	345mm thick cavity brick walls made of two leafs of 110mm wall with 135mm concrete fill (concrete elsewhere measured).	m2	1		
5,2,112	345mm thick cavity brick walls made of two leafs of 110mm wall with 135mm concrete fill (concrete elsewhere measured).	m2	1		
5,2,113	Cavity brick walls made of two leafs of 110mm wall with over 135mm concrete fill (concrete elsewhere measured).	m2	1		
5,2,114	BRICKWORK AND BLOCKWORK SUNDRIES				
5,2,115	Galvanized brickwork reinforcement				
5,2,116	115mm Wide reinforcement built in horizontally	m	1		
5,2,117	230mm Wide reinforcement built in horizontally.	m	1		
5,2,118	Ditto, but in foundations	m	1		
5,2,119	ROOF TIES				
5,2,120	30 x 2mm Galvanized roof tie 1500mm long with one end fixed to timber and other built into brickwork or concrete.	no	1		
5,2,121	WATERPROOFING				
5,2,122	Bagging and sealing the outer face of the inner skin of walls with 1:3 cement and sand mixture to walls	m2	1		

5,2,123	Sealing walls face with two coats of bitumen emulsion waterproofing coating:	m2	1		
5,2,124	Samples bricks				
5,2,125	Supply and deliver sample bricks for approval	no	1		
5,2,126	FACE BRICK				
5,2,127	FBS clay face brick , size 222 x 106 x 73mm, bedded and jointed in Class II mortar and pointed with recessed vertical and recessed horizontal joints, suitable for exposure zones 1-2 (Cement to be 42.5N all-purpose cement):				
5,2,128	Extra over brickwork for face brickwork externally.	m2	1		
5,2,129	Extra over for face brick in foundations	m2	1		
5,2,130	Half brick wall in beam filling pointed one side including cutting and fitting around roof timbers and bedding roofing solid on top in cement mortar.	m2	1		
5,2,131	One brickwall pointed on both sides.	m2	1		
5,2,132	Half brickwall pointed on both sides.	m2	1		
5,2,133	Cutting at beam filling level or other locations	m	1		
5,2,134	Face brick copings, roller coarse, corbeling, lintels over windows, sills, etc, pointed with recessed joints on all exposed faces:	m	1		
5,2,135	LINTOLS				
5,2,136	Pre-Cast Concrete lintols 75 x 110				
5,2,137	On internal skin above doors and windows and openings				
5,2,138	Lintels 0.9 m	no	1		
5,2,139	Lintels 1.2 m	no	1		
5,2,140	Lintels 1.8 m	no	1		
5,2,141	Lintels 2.4 m	no	1		
5,2,142	Lintels 3 m	no	1		
5,2,143	Lintels 4 m	no	1		
5,2,144	Pre-Cast Concrete lintols 75 x 150mm				
5,2,145	On internal skin above doors and windows and openings				
5,2,146	Lintels 0.9 m	no	1		
5,2,147	Lintels 1.2 m	no	1		

5,2,148	Lintels 1.8 m	no	1		
5,2,149	Lintels 2.4 m	no	1		
5,2,150	Lintels 3 m	no	1		
5,2,151	Lintels 4 m	no	1		
5,2,152	WATERPROOFING				
5,2,153	DAMPPROOFING OF WALLS AND FLOORS				
5,2,154	One layer of 250 micron waterproof plastic sheeting sealed at laps with 'Gunplas Pressure Sensitive Tape':				
5,2,155	Under surface beds, bases, etc.	m2	1		
5,2,156	One layer of 350 micron embossed dampcourse waterproof sheeting below walls, sills, etc:				
5,2,157	Below walls, sills, etc.	m2	1		
5,2,158	JOINT SEALANTS				
5,2,159	Clear Neutral silicone sealant:				
5,2,160	In joint sealing and pointing all round external window and door frames.	m	1		
5,2,161	Two-part grey polysulphide sealing compound including backing cord, bond breaker, primer, etc				
5,2,162	10 x 12mm In movement joints in floors or walls including raking out expansion joint filler as necessary (Provisional).	m	1		
5,2,163	ROOF COVERINGS				
5,2,164	PROFILED METAL SHEETING AND ACCESSORIES, Color Coated				
5,2,165	0,58mm Thick Z200 "IBR Profile" galvanised metal roof sheeting, in single sheet lengths, with "Chromadek" finish to external face and standard backing coat to internal face including installation accessories :				
5,2,166	Roof sheeting laid to a mono-pitch.	m2	1		
5,2,167	0,58mm Thick Z200 "IBR Profile" galvanised metal roof sheeting, in single sheet lengths, with "Chromadek" finish to external face and standard backing coat to internal face including installation accessories :for side Cladding	m2	1		

5,2,168	0.58mm Flashings pre-painted to match roof sheeting and fixed in strict accordance with manufacturer's instructions including installation accessories :				
5,2,169	Mono pitched ridge capping with 225mm lapping secured onto the roof.	m	1		
5,2,170	Ridge cover, 0,58mm ridge pre-painted to match roof sheeting and fixed	m	1		
5,2,171	Ridge Closures, 0,58mm ridge closures fixed under the ridge line	m	1		
5,2,172	PROFILED METAL SHEETING AND ACCESSORIES, Galvanised treated				
5,2,173	0,58mm Thick Z200 "IBR Profile" galvanised metal roof sheeting, in single sheet lengths, including installation accessories :				
5,2,174	Roof sheeting laid to a mono-pitch.	m2	1		
5,2,175	0,58mm Thick Z200 "IBR Profile" galvanised metal roof sheeting, in single sheet lengths, including installation accessories :for side Cladding	m2	1		
5,2,176	0.58mm Flashings pre-painted to match roof sheeting and fixed in strict accordance with manufacturer's instructions including installation accessories :				
5,2,177	Mono pitched ridge capping with 225mm lapping secured onto the roof.	m	1		
5,2,178	Ridge cover, 0,58mm ridge pre-painted to match roof sheeting and fixed	m	1		
5,2,179	Ridge Closures, 0,58mm ridge closures fixed under the ridge line	m	1		
5,2,180	Clear /transparent Poly carbonated, IBR profile on roofing	m2	1		
5,2,181	STEEL WORKS FABRICATION				

5,2,182	Steelworks for the supply, fabricate, surface preparation, shop priming, delivery to site & installation of a complete roof structure. Including all necessary columns, frame members, cleats, brackets, gussets, packs, nuts, bolts, washers, roof screws, roof washers, ridging, side flashing, insulation, etc. Cut off losses not included for pricing. Actual work constructed quantities considered				
5,2,183	H Sections	ton	1		
5,2,184	IPE sections	ton	1		
5,2,185	Flat bars	ton	1		
5,2,186	Angle Irons	ton	1		
5,2,187	Round Bars	ton	1		
5,2,188	Square Bars	ton	1		
5,2,189	Channel	ton	1		
5,2,190	Lipped Channel for roof purlins	ton	1		
5,2,191	Round Tubes	ton	1		
5,2,192	Square Tubes	ton	1		
5,2,193	Rectangular Tube	ton	1		
5,2,194	Expanded Metal sheet for security	ton	1		
5,2,195	Welded Mesh	ton	1		
5,2,196	Plates	ton	1		
5,2,197	Threaded Bars	ton	1		
5,2,198	Bolt and nut and washers	kg	1		
5,2,199	Treatment of Steel				
5,2,200	Cold foam galvanising	ton	1		
5,2,201	Full dip galvanising	ton	1		
5,2,202	Primer paint application	m2	1		
5,2,203	Enamel paint application	m2	1		
				SUB TOTAL 5	

6. ROTARY COMPRESSORS - R 410A – 220 VOLT - SUPPLY, DELIVER AND INSTALL THE FOLLOWING COMPRESSORS WHEN NECESSARY:

Item No	Capacity	PER/UNIT	QTY	RATE	AMOUNT
6.1	9 000	each	1		
6.2	12 000	each	1		
6.3	18 000	each	1		
6.4	24 000	each	1		
6.5	30 000	each	1		
				SUB TOTAL 6	

7. ROTARY COMPRESSORS - R 410A – 220 VOLT - SUPPLY AND INSTALL THE FOLLOWING COMPRESSORS WHEN NECESSARY:

Item No	Capacity	PER/UNIT	QTY	RATE	AMOUNT
7.1	9 000	each	6		
7.2	12 000	each	10		
7.3	18 000	each	4		
7.4	24 000	each	4		
SUB TOTAL 7					

8. Heat Pump R 410A INVERTER MIDWALL SPLIT UNITS SUPPLY AND INSTALL THE FOLLOWING COMPRESSORS WHEN NECESSARY:

Item No	CAPACITY	PER/UNIT	QTY	RATE	AMOUNT
8.1	12000		4		
8.2	18000	each	4		
8.3	24000	each	4		
8.4	30000	each	4

SUB TOTAL 10					

ITEM NO.	DESCRIPTION	UNIT	QTY	RATE	RATE ONLY
11.1	Testing of earthing installation for the electrical panel:				
11.1.1	Test earthing of distribution panel back to main earth point (per panel)	no	1		
11.1.2	Testing of earth connections at light fittings, power points, motors and instrumentation (per circuit)	no	1		
11.2	Supply and installation of earthing materials to obtain proper earthing of installation from panel. Installation in conduit, wiring trunking, building trench or ground: (Excavations measured separately)				
11.2.1	2,5mm ² bare copper or insulated earth wire	m	1		
11.2.2	2mm ² bare copper or insulated earth wire	m	1		
11.2.3	6mm ² bare copper or insulated earth wire	m	1		
11.2.4	10mm ² bare copper or insulated earth wire	m	1		
11.2.5	16mm ² bare copper or insulated earth wire	m	1		
11.2.6	25mm ² bare copper or insulated earth wire	m	1		
11.2.7	35mm ² bare copper or insulated earth wire	m	1		
11.2.8	50mm ² bare copper or insulated earth wire	m	1		
11.2.9	70mm ² bare copper or insulated earth wire	m	1		
11.2.10	2,5mm ² earth wire end lugged and connected	no	1		
11.2.11	2mm ² earth wire end lugged and connected	no	1		
11.2.12	6mm ² earth wire end lugged and connected	no	1		
11.2.13	10mm ² earth wire end lugged and connected	no	1		
11.2.14	16mm ² earth wire end lugged and connected	no	1		
11.2.15	25mm ² earth wire end lugged and connected	no	1		
11.2.16	35mm ² earth wire end lugged and connected	no	1		
11.2.17	50mm ² earth wire end lugged and connected	no	1		
11.2.18	70mm ² earth wire end lugged and connected	no	1		
11.2.19	1,8 m copper clad steel core earth rod installed in ground, complete with clamp and connections.				
11.2.20	5 x 25 mm copper earth strap installed on surface of structure or cable ladders, including fixings	m	1		
11.3	Supply and installation of 600/1 000 V. grade PVC PVC SWA PVC cable in trench or in ground. Fixings or excavations as well as cable ends are measured elsewhere				
11.3.1	1,5 mm ² 3 or 2 core armoured	m	1		
11.3.2	2,5 mm ² 3 or 2 -core armoured.	m	1		
11.3.3	1,5mm ² 7-core armoured	m	1		
11.3.4	2 mm ² 2 core armoured	m	1		
11.3.5	6 mm ² 2 -core armoured.	m	1		
11.3.6	10 mm ² 2 core armoured	m	1		
11.3.7	16 mm ² 2 core armoured	m	1		
11.3.8	25 mm ² 2 -core armoured.	m	1		
11.3.9	35 mm ² 2 core armoured	m	1		
11.3.10	50 mm ² 2 core armoured	m	1		
11.3.11	70 mm ² 2 core armoured	m	1		
11.3.12	95 mm ² 2 core armoured	m	1		
11.3.13	120 mm ² 2 core armoured	m	1		
11.3.14	150 mm ² 2 core armoured	m	1		
11.3.15	185 mm ² 2 core armoured	m	1		
11.4	Supply and installation of 600/1 000 V. grade PVC PVC SWA PVC cable ends complete with lugs, connections to motor terminals, stub bars, small terminals, etc., (include for labels, wire number markers and testing)				
11.4.1	1,5 mm ² 3 or 2 core armoured	no	1		
11.4.2	2,5 mm ² 3 or 2 -core armoured.	no	1		

11.4.3	1,5mm ² 7-core armoured	no	1		
11.4.4	2 mm ² 2 core armoured	no	1		
11.4.5	6 mm ² 3 -core armoured.	no	1		
11.4.6	10 mm ² 2 core armoured	no	1		
11.4.7	16 mm ² 2 core armoured	no	1		
11.4.8	25 mm ² 3 -core armoured.	no	1		
11.4.9	35 mm ² 2 core armoured	no	1		
11.4.10	50 mm ² 2 core armoured	no	1		
11.4.11	70 mm ² 2 core armoured	no	1		
11.4.12	95 mm ² 2 core armoured	no	1		
11.4.13	120 mm ² 2 core armoured	no	1		
11.4.14	150 mm ² 2 core armoured	no	1		
11.4.15	185 mm ² 2 core armoured	no	1		
11.5	Cable Trenches				
	Excavation, laying 150 mm bedding, backfilling in 150mm layers, and stabilising to original stability of cable trench. (660mm wide x 1m deep):				
11.5.1	Hard rock	m ³	1		
11.5.2	Soft rock	m ³	1		
11.5.3	Soil	m ³	1		
11.6	General maintenance of electrical equipment as per Section 3 of the maintenance specification				
11.6.1	Clean inside and outside of panel (per panel)	no	1		
11.6.2	Tighten all connections in panel (per panel)	no	1		
11.6.3	Tighten connections in lock stop button box (per box)	no	1		
11.6.4	Tighten connections in remote stop-start station box (per box)	no	1		
11.6.5	Tighten connections in motor connection box, including thermal sensor wiring terminals	no	1		
11.6.6	Tighten connections at instrument terminals (per instrument)	no	1		
	Repair ends of damaged conductors due to overheating at circuit breakers, contactors, overloads or motor terminals, including installation of ferrules, lugs, heat shrink materials or insulated sleeving:				
11.6.7	(a) Conductor sizes up to 16 mm ² , per terminal	no	1		
11.6.8	(b) Conductor sizes from 25 mm ² to 50 mm ² , per terminal	no	1		
11.6.9	Testing of single phase or three phase earth leakage unit	no	1		
11.6.10	Testing of under/over voltage relay or phase monitor relay per unit	no	1		
11.6.11	Checking of all voltmeters and voltmeter switches for correct operation	no	1		
	Logging of all motor running hour meter readings and trip data of electronic				
11.6.12	motor protection units on a site (per site)	no	1		
11.6.13	Checking of all indicator lamps on panel	no	1		
	Replacement of indicator lamps as follows:				
11.6.14	(a) Incandescent lamps per lamp	no	1		
11.6.15	(b) LED type removable lamp	no	1		
11.6.16	(c) LED type, whole unit	no	1		
11.6.17	Checking of all instrumentation fuses on a site (per site)	no	1		
	Replacement of blown fuses as follows:				
11.6.18	(a) HRC up to 10 A	no	1		
11.6.19	(b) HRC above 10A and up to 32 A	no	1		

11.6.20	Checking of all lightning arrestors on a site (per site)	no	1		
	Replacing of lightning arrestors as follows:				
11.6.21	(a) Class 2 over voltage surge arrestors - 275V MOV type - 20 kA fault rating	no	1		
11.6.22	(b) Class 2 overvoltage surge arrestors - 275V MOV type - 65 kA fault rating	no	1		
11.6.23	(c) Class 2 overvoltage surge arrestors - 275V MOV type - 100 kA fault rating	no	1		
11.6.24	(d) IT Blitzductor surge arrestor -22V	no	1		
11.7	Megger testing of 600/ 1000 V cables with both ends of cables disconnected for the following sizes of cable :				
11.7.1	(a) Cables with 3 to 7 cores up to 2,5mm ² per cable	no	1		
11.7.2	(b) Cable with 3 or 2 cores from 2mm ² to 25mm ²	no	1		
11.7.3	(c) Cable with 3 or 2 cores from 35mm ² to 50mm ²	no	1		
11.7.4	Supply and installation of PVC warning tape in top 300 mm of trench backfill	m	1		
11.8	Supply and fitting of cable labels on ends of cable with strap-on				
11.8.1	type label with up to 10 digits on label (per label)	no	1		
11.9	Testing and checking of motors of all sizes and comparing current readings with current rating of motor and logging of data as follows per motor:				
11.9.1	Megger between phases and phases and phases to earth and log data (per motor)	no	1		
11.9.2	Measuring line currents of motor and logging data (per motor)	no	1		
11.10	Maintenance of panels executing the following various tasks				
	per unit of equipment :				
11.10.1	Inspecting all circuit breakers and testing to see that circuit breakers can handle the current of the particular circuit without tripping under normal load conditions and under transient conditions of motors starting for all sizes and types of circuit breakers, single pole and triple pole, as well as checking for overheating of circuit breakers (per panel)	no	1		
	Inspecting contactors and measuring outgoing voltages to determine if contactors are closing properly and that one or more phase contacts are not malfunctioning or that the contactor is not overheating (per contactor)	no	1		
	Checking that overloads are of correct rating and that setting is correct for the rating of the motor protected with the overload. Also check for malfunctioning of overload and nuisance tripping as well as overheating of overloads. Check that overload is not set for " Auto" reset. (per panel)	no	1		
	Checking and setting of star-delta starter timer for proper changeover of star-to-delta (per timer)	no	1		
11.12	Installation of Circuit breakers				

	Supply, installation, connection, testing and commissioning of the following circuit breakers for distribution boards or motor controls: (per circuit breaker)				
11.12.1	100 A TP on-load isolator	no	1		
11.12.2	100 - 250 A TP on-load isolator	no	1		
11.12.3	150A TP MCB (5kA)	no	1		
11.12.4	500 A TP mcb (15 kA)	no	1		
11.12.5	750 A TP mcb (25kA)	no	1		
11.12.6	1000 A TP ACB - Fixed (65kA) (with tripping unit similar to MicroLogix 2)	no	1		
11.12.7	1500 A TP ACB - Withdrawable (65kA) (with tripping unit - similar to MicroLogix 2)	no	1		
11.12.8	2000 A TP ACB - Withdrawable (65kA) (with tripping unit - similar to Micrologix 2)	no	1		
11.13	Installation of Electronic Overload Relays				
	Supply, installation, connection, testing and commissioning of the following protection relays for distribution boards or motor controls:				
11.13.1	Similar or equal to Newelec KC25 with door mounted reset and no CT's	no	1		
11.13.2	Similar or equal to Newelec KC50 with door mounted reset and 3 x50/5A CT's	no	1		
11.13.3	Similar or equal to Newelec KC200 with door mounted reset and 3 x200/5A CT's	no	1		
11.13.4	Similar or equal to Rockwell Automation 825-P with line voltage card	no	1		
11.13.5	Similar and equal to Rockwell Automation 825-MCM180 CT installed in busbars	no	1		
11.13.6	Similar and equal to Rockwell Automation 825-MCM220 CT installed in busbars	no	1		
11.13.7	Similar and equal to Rockwell Automation 825-MCM630 CT installed in busbars	no	1		
11.14	Installation of Contactors and Components				
	Supply, installation, connection, testing and commissioning of the following equipment for distribution boards or motor controls.				
11.14.1	Complete New Contactor for:				
	(a) 2 to 5,5kW AC-3 rating contactor	no	1		
	(b) 7,5 to 11kW AC-3 rating contactor	no	1		
	(c) 11 to 15kW AC-3 rating contactor	no	1		
	(d) 18,5kW AC-3 rating contactor	no	1		
	(e) 22kW AC-3 rating contactor	no	1		
	(f) 30kW AC-3 rating contactor	no	1		
	(g) 37kW AC-3 rating contactor	no	1		
	(h) 25kW AC-3 rating contactor	no	1		
	(i) 55kW AC-3 rating contactor	no	1		
	(j) 75kW AC-3 rating contactor	no	1		
	(k) 90kW AC-3 rating contactor	no	1		
	(l) 110kW AC-3 rating contactor	no	1		
	(m) 132kW AC-3 rating contactor	no	1		
	(n) 150kW AC-3 rating contactor	no	1		
	(o) 185kW AC-3 rating contactor	no	1		
	(o) 220kW AC-3 rating contactor	no	1		
11.14.2	Replacing contactor contacts per set of three for the following sizes:				
	(a) 2 to 5,5kW AC-3 rating contactor	set	1		

	(b) 7,5 to 11kW AC-3 rating contactor	set	1		
	(c) 11 to 15kW AC-3 rating contactor	set	1		
	(d) 18,5kW AC-3 rating contactor	set	1		
	(e) 22kW AC-3 rating contactor	set	1		
	(f) 30kW AC-3 rating contactor	set	1		
	(g) 37kW AC-3 rating contactor	set	1		
	(h) 25kW AC-3 rating contactor	set	1		
	(i) 55kW AC-3 rating contactor	set	1		
	(j) 75kW AC-3 rating contactor	set	1		
	(k) 90kW AC-3 rating contactor	set	1		
	(l) 110kW AC-3 rating contactor	set	1		
	(m) 132kW AC-3 rating contactor	set	1		
	(n) 150kW AC-3 rating contactor	set	1		
	(o) 185kW AC-3 rating contactor	set	1		
	(o) 220kW AC-3 rating contactor				
11.14.3	Replacing contactor coil in the following sizes of contactors:	set	1		
	(a) 2 to 5,5kW AC-3 rating contactor	no	1		
	(b) 7,5 to 11kW AC-3 rating contactor	no	1		
	(c) 11 to 15kW AC-3 rating contactor	no	1		
	(d) 18,5kW AC-3 rating contactor	no	1		
	(e) 22kW AC-3 rating contactor	no	1		
	(f) 30kW AC-3 rating contactor	no	1		
	(g) 37kW AC-3 rating contactor	no	1		
	(h) 25kW AC-3 rating contactor	no	1		
	(i) 55kW AC-3 rating contactor	no	1		
	(j) 75kW AC-3 rating contactor	no	1		
	(k) 90kW AC-3 rating contactor	no	1		
	(l) 110kW AC-3 rating contactor	no	1		
	(m) 132kW AC-3 rating contactor	no	1		
	(n) 150kW AC-3 rating contactor	no	1		
	(o) 185kW AC-3 rating contactor	no	1		
	(o) 220kW AC-3 rating contactor	no	1		
11.14.4	Installation of Standard Adjustable Overloads				
	Supply, installation, connection, testing and commissioning of the following adjustable (standard electronic) motor overloads for motor controls.				
	(a) 0,1 - 1A	set	1		
	(b) 1,6 - 5 A	set	1		
	(c) 12 - 32 A	set	1		
	(d) 12 - 25A	set	1		
	(e) 23 - 75A	set	1		
	(f) 60 - 85A	set	1		
11.14.5	Replacing star-delta timer for star-delta starters as follows: (per unit)				
	(a) Electronic type	no	1		
	(b) Magnetic type	no	1		
	(c) Vacuum type	no	1		
11.14.6	Motor Control Centres (complete assemblies)				

	Design drawings, manufacture, supply, delivery, installation, connections, testing and commissioning of floor standing motor control centre cabinets consisting of 2mm 3CR12 steel, powder coated, and each cabinet with dimension of not less than 2000mm high x 700mm wide x 600 mm deep and complete with internal sheet steel divisions, busbars, busbar supports, ventilation openings and gland plates for:				
11.14.6.1	Main incoming power panel for loads not exceeding 150A (complete assembly) (test certificate in accordance with SANS 1765) (<10kA)	no	1		
11.14.6.2	Main incoming power panel for loads from 150 to 250A, excluding main circuit breaker. (test certificate in accordance with SANS 1765)(<10kA)	no	1		
11.14.6.3	Main incoming power panel for loads from 550 to 750A, excluding main circuit breaker. (test certificate in accordance with SANS 1273)(>10kA)	no	1		
11.14.6.4	Main incoming power panel for loads from 750 to 1500A, excluding main circuit breaker. (test certificate in accordance with SANS 1273)(>10kA) DOL starter panel with standard overload for motors up to 11 Kw (excluding motor mcb and contactor)	no	1		
11.14.6.5	DOL starter panel with electronic overload for motors up to 11 kW (excluding motor mcb, electronic overload and contactor)	no	1		
11.14.6.6	Star-delta starter panel with electronic overload for motors from 15kW up to 22 kW (excluding motor mcb, contactors & electronic overload relay)	no	1		
11.14.6.7	Star-delta starter panel with electronic overload for motors from 30kW up to 55 kW excluding motor mcb, contactors & electronic overload relay)	no	1		
11.14.6.8	Star-delta starter panel with electronic overload for motors from 90kW up to 132 kW (excluding motor mcb, contactors & electronic	no	1		
11.14.6.9	Star-delta starter panel with electronic overload for motors from 150kW up to 220 kW (Excluding motor mcb, contactors & electronic overload relay)	no	1		
11.15	Drawing up and delivery of “As Built” drawings of boards to				
11.15.1	12-way power distribution board	no	1		
11.15.2	22-way power distribution board	no	1		
11.15.3	Motor control centre with main incoming panel and up to 2 starters	no	1		
11.15.4	Motor control centre with main incoming panel and up to 2 starters	no	1		
11.16	Mark-up rates				
11.16.1	Percentage mark-up on rates listed in term contracts	%	200 000		

11.16.2	Percentage mark-up on items (with attached invoices) approved by the Employer or his representative for materials, (other than those set out in this list) used in the execution of work ordered by the Employer	%	200 000		
11.17	Tip Trucks				
	(a) 6 m ³	Hr	1		
	(b) 10 m ³	Hr	1		
11.18	Flat bed trucks				
	(a) 5t	Km	1		
	(b) 7t	Km	1		
11.19	LDV				
	(a) 2 x 2WD	Km	1		
	(b) 2 x 2WD	Km	1		
			SUB TOTAL 11		

ADOPTED FROM PUBLIC WORKS

ITEM NO.	DESCRIPTION	UNIT	QTY	RATE	AMOUNT
12.1	Megger testing of electric motors between phases and between phase and frame (earth) & report findings to the Engineer.	no	1		
12.2	Disconnection and removal of existing electric motors and placing in store of SDM or delivery to position required by SDM for:				
12.2.1	Motors of 5,5 and 7,5 kW	no	1		
12.2.2	Motors of 11 up to 18,5 kW	no	1		
12.2.3	Motors of 22 up to 37 kW	no	1		
12.2.4	Motors of 25 up to 75 kW	no	1		
12.2.5	Up to 110 kW	no	1		
12.2.6	Up to 160 kW	no	1		
12.2.7	Up to 200 kW	no	1		
12.2.8	Up to 260 kW	no	1		
12.2.9	Motor 220 kW	no	1		
12.3	Installation and connection of existing motors for pumps, including shaft alignment of motor for V-belts or pump coupling for:				
12.3.1	Motors of 5,5 and 7,5 kW, TEFC, foot mounted	no	1		
12.3.2	Motors of 11 up to 18,5 kW, TEFC, foot mounted	no	1		
12.3.3	Motors of 22 up to 37 kW, TEFC, foot mounted	no	1		
12.3.4	Motors of 25 up to 75 kW, TEFC, foot mounted	no	1		
12.3.5	Motors of 90 and 110 kW, TEFC, foot mounted	no	1		
12.3.6	Motor 132 kW, TEFC, foot mounted	no	1		
12.3.7	Motor 150 kW, TEFC, foot mounted	no	1		
12.3.8	Motor 185 kW, TEFC, foot mounted	no	1		
12.3.9	Motor 220 kW, TEFC, foot mounted	no	1		
12.3.10	Motors of 5,5 and 7,5 kW, TEFC, flange mounted	no	1		
12.3.11	Motors of 11 and 15 kW, TEFC, flange mounted	no	1		
12.3.12	Motors of 18,5 and 22 kW, TEFC, flange mounted	no	1		
12.4	Supply, installation, connection, testing and commissioning of new motors for pumps, including shaft alignment of motor for V-belts or pump coupling for:				
12.4.1	5,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.2	7,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.3	11 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.4	15 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.5	18,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.6	22 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.7	30 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.8	37 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.9	25 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.10	55 kW, 200/230 V, TEFC, foot mounted	no	1		

12.4.11	75 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.12	90 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.13	110 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.14	132 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.15	185 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.16	220 kW, 200/230 V, TEFC, foot mounted	no	1		
12.4.17	5,5 kW, 200/230 V, TEFC, flange mounted	no	1		
12.4.18	7,5 kW, 200/230 V, TEFC, flange mounted	no	1		
12.4.19	11 kW, 200/230 V, TEFC, flange mounted	no	1		
12.4.20	15 kW, 200/230 V, TEFC, flange mounted	no	1		
12.4.21	18,5 kW, 200/230 V, TEFC, flange mounted	no	1		
12.4.22	22 kW, 200/230 V, TEFC, flange mounted	no	1		
12.5	Disconnection, removal and transportation of existing motors to re-winders, rewinding of motors, replacement of bearings, testing of motor in factory, installation of motor on site, connection of motor, alignment of motor shaft for V-belts or pump coupling, testing of motor on site and commissioning for:				
12.5.1	5,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.2	7,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.3	11 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.4	15 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.5	18,5 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.6	22 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.7	30 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.8	37 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.9	25 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.10	55 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.11	75 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.12	90 kW, 200/230 V, TEFC, foot mounted	no	1		
12.5.13	11 kW, 200/230 V, TEFC, flange mounted	no	1		
12.5.14	15 kW, 200/230 V, TEFC, flange mounted	no	1		
12.5.15	18,5 kW, 200/230 V, TEFC, flange mounted	no	1		

12.5.16	22 kW, 200/230 V, TEFC, flange mounted	no	1		
12.6	Mark-up rates				
12.6.1	Percentage mark-up on rates listed in term contracts	%	1		

DESCRIPTION		UNIT	QTY	RATE	AMOUNT
Percentage mark-up on items (with attached invoices) approved by the Employer or his representative for materials, (other than those set out in this list used in the execution of work ordered by the Employer.		%	1		
Tip Trucks

				SUB TOTAL 12	

ITEM NO.	DESCRIPTION	UNIT	QTY	RATE	AMOUNT
13.	BALL VALVES				
	Ball valve with split body; straight through pigable bore, ball supported by a double-offset bearing arrangement, with resilient seal.				
	Note:				
	Rates to include the cost of all staff required plus overheads where appropriate and the guarantee of all parts, materials and workmanship, but exclude the cost of spares unless the latter is specified.				
13.1	Servicing and repair of existing valves in the following diameters: 25 bar rating:				
	Remove valve				
13.1.1	a) 150 DN	no	1		
	b) 200 DN	no	1		
	Transport from site				
13.1.2	a) 150 DN	no	1		
	b) 200 DN	no	1		
	Dismantle				
13.1.3	a) 150 DN	no	1		
	b) 200 DN	no	1		
	Blast

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS.

C3.1 STANDARD SPECIFICATIONS

The standard specifications on which this contract is based are the SANS Standardised Specifications for Civil Engineering Works.

The following SANS specifications are also referred to in this document and the Contractor is advised to obtain them from Standards South Africa (a division of SABS) in Pretoria.

SABS 1200 A	-	General
SABS 1200 C	-	Site Clearance (amended 1982)
SABS 1200 DA	-	Earthworks (Small Works)
SABS 1200 GA	-	Concrete (Small Works)
SABS 1200 HA	-	Structural Steelwork

The following SANS specifications are also referred to in this document and the Contractor is advised to obtain them from Standards South Africa (a division of SABS) in Pretoria.

SANS 10396: 2003:	Implementing Preferential Construction Procurement Policies using Targeted Procurement Procedures
SANS 1914-1 to 6 (2002):	Targeted Construction Procurement
SANS 1921 – 1 (2004):	Construction and Management Requirements for Works Contracts Part 1: General Engineering and Construction Works

and where accommodation of traffic is involved:

SANS 1921-2 (2004):	Construction and Management Requirements for Works Contracts Part 2: Accommodation of Traffic on Public Roads Occupied by the Contractor.
---------------------	--

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

C3.2: PROJECT SPECIFICATIONS

STATUS

The Project Specification, consisting of two parts, forms an integral part of the contract and supplements the Standard Specifications.

Part A contains a general description of the works, the site and the requirements to be met.

Part B contains variations, amendments and additions to the Standardized Specifications and, if applicable, the Particular Specifications.

In the event of any discrepancy between a part or parts of the Standardized or Particular Specifications and the Project Specification, the Project Specification shall take precedence. In the event of a discrepancy between the Specifications, (including the Project Specifications) and the drawings and / or the Bill of Quantities, the discrepancy shall be resolved by the Engineer before the execution of the work under the relevant item.

The standard specifications which form part of this contract have been written to cover all phases of work normally required for road contracts, and they may therefore cover items not applicable to this particular contract.

PART A: GENERAL

PS 1 PROJECT DESCRIPTION

PS 2 DESCRIPTIONS OF THE SITE AND ACCESS

PS 2.1 Location of site

PS 2.2 Access to site

PS 3 DETAILS OF THE WORKS

PS 3.1 Brief description of works

The brief description of the works to be carried out on this project are as discussed below:

PS 3.3 Labour recruitment conditions

A Project Steering Committee (PSC) will be established and is a vital means of communication between all parties involved with the project. The composition of the PSC comprises representation by the Employer, the Engineer and formal structures within the community.

The contractor shall make use of these communication channels and shall appoint from amongst his site personnel a responsible person to participate in the affairs of the PSC, and this representative may be also required to attend the monthly PSC meetings.

It is mandatory that the Contractor shall interact with the community via proactive project liaison and project participation by its leaders and constituted organisations and forums, as well as through the employment of its people, and these activities shall constitute essential facets of the project.

Local labour is to be used and the employment of such labour is to be done in conjunction with the PSC.

PSC shall, if necessary, appoint a Community liaison officer (CLO). The duties of the CLO shall consist of inter alia of the following:

- To be available on site daily between the hour of 07:00 and 17:00 and at other times as the need arises. His normal working day will extend from 07:00 in the morning until 17:00 in the afternoon.
- To communicate daily with regard to number and skills, to facilitate in labour disputes and to assist in their resolution.
- To attend all meetings in which the community and/or labour are present or are required to be represented.
- To attend all PSC meeting to report on labour.
- To assist in the identification and screening of labourers from the community in accordance with the contractor's requirements.
- To advise and inform temporary labourers of their conditions of employment and to inform temporary labourers as early as possible when their period of employment will be terminated.
- To attend disciplinary proceedings to ensure that hearings are fair and reasonable.
- To keep a daily written record of his interviews and community liaison, labour force etc.
- To attend monthly site meetings and report in writing on labour and contract matters.
- Keeping a data base of available labour.
- All such other duties as agreed upon between all parties concerned.
- Compile a list of available skills in the area (skills audit).

PS 4 CONSTRUCTION PROGRAMME

PS 4.1 General

The submission of a construction programme as stated per Clause 12 of the General Conditions of Contract is compulsory.

Before any work is to be commenced on the site (within a period as stated in Clause 12.2 of the General Conditions of Contract), the Contractor must submit a detailed project programme for the construction of the Works to the Engineer for his approval.

In preparation of the construction programme the Contractor must liaise with the Engineer and the programme must take into account the coordination of all activities. The programme must consist of a detailed schedule or block diagram covering all aspects of the Works and the planned time thereof must, with the Contract Period as time basis, be shown.

Rainfall conditions will be taken as abnormal when the average rainfall, as shown in Clause PS 8, is exceeded and the contractor must then apply in writing for extension of the contract period using Clause 48 of the Conditions of Contract.

The service provider is required to state in the Appendix to the Form of Tender the time in which he is prepared to undertake and complete the works.

The Contractor shall submit to the Engineer a realistic, detailed programme not later than 14 days after receipt of the Letter of Acceptance. The programme shall be in bar-chart format showing in detail how the Contractor proposes to complete the work covered by this contract by the Due Completion Date.

The following details must be stated:

- I. The quantity of work applicable to each bar item as well as the rate at which the work will be completed.
- II. A budget of the value of completed work, month by month, for the full contract period.
- III. The Contractor's plant commitment on the contract for every fortnight.
- IV. The critical path.

The programme shall be kept up to date. If a Contractor fails to maintain progress in terms of the programme, he shall produce a revised programme showing the modifications to the original programme necessary to ensure completion of the Works before the Due Completion Date.

The approval of any programme by the Engineer shall have no contractual significance, other than satisfying the Engineer that the Work is carried out according to such programme and that the Contractor undertakes to carry out the work in accordance with the programme. The Engineer will have the right to instruct the Contractor to revise the programme if necessitated by circumstances.

PS 4.2 Time for Completion

The maximum time allowed for the completion of the contract is **as per task** order (excluding special non-working days and the yearend break) from the date of Letter of Acceptance / or Site Handover.

PS 5 SITE FACILITIES AVAILABLE

PS 5.1 Water Supply

The Contractor must make his own arrangements for provision of fresh water on site for domestic and construction purposes.

The rates Tendered for the relevant items in the Preliminary and General Section of the schedule shall include all costs for the establishment and maintenance of water supply to the works and the Contractor shall make his own arrangements for the possible conveyance and storage of water if necessary.

PS 5.2 Power Supply

The Contractor must make his own arrangements for the provision of electricity on site. The rates Tendered for the relevant items in the Preliminary and General Section of the schedule shall include all costs for the establishment and maintenance of a power supply to the works.

PS 6 FACILITIES REQUIRED ON SITE

PS 6.1 Facilities for the Engineer

A site office for the Engineer is not required.

PS 6.2 Facilities for the Contractor

Site Establishment

The Contractor is responsible to provide a suitable site for his camp and to provide accommodation for his personnel and labourers. If the Employer can make any specific site available to the Contractor, such site will be pointed out to the Contractor. The site office should be user friendly, cleaned at all times and be equipped with office furniture such as printer, desk and chairs. As the area is hot during summer, a fan will be necessary for the site office.

The chosen site shall be subject to the approval of the beneficiary/Engineer and the Project Steering Committee (if available). Possible locations for a campsite shall be pointed out at the Site inspection. The Contractor shall conform to all beneficiary, local authority, environmental and industrial regulations.

The Contractor shall make his own arrangements concerning the supply of electrical power and all other services. No direct payment shall be made for the provision of electrical and other services. The cost thereof shall be deemed to be included in the rates and amounts Tendered for the various items of work for which these services are required.

The Contractor shall provide security watchmen for the contract as he deems fit at no extra cost for the Employer. The Contractor must ensure that all his employees as well as the employees of his subcontractors are able to identify themselves as members of the construction team.

Ablution and Sanitary Facilities:

The Contractor shall erect and maintain on the site proper ablution facilities. The Contractor shall service and maintain the facilities in a clean and hygienic state for the duration of the contract period and on completion of the works remove it from the site to the satisfaction of the Employer/beneficiary.

PS 6.3 Laboratory Facilities

The contractor shall provide laboratory facilities at an SABS accredited laboratory to conduct tests as required or as specified/measured in the bills of quantity.

PS 6.4 Construction Notice Board (Name Board)

1 Official Name Board per site (if necessary), as per C4.2 Site Information: Construction Notice Board, is required for this contract.

PS 6.5 Housing for the Engineer and/or his Representative

No housing is required for the Engineer or his Representative.

PS 6.6 Telephone Facilities

Items have been provided in the Bill of Quantities to cover for communication costs for the Engineer.

PS 7 MANAGEMENT AND DISPOSAL OF WATER

The Contractor shall pay special attention to the management and disposal of water and stormwater on the site. It is essential that all completed works or parts thereof are kept dry and properly drained. Claims for delay and for repair of damage caused to the works as a result of the Contractor’s failure to properly manage rain and surface water, will not be considered.

PS 8 RAINFALL FIGURES

The following figures are applicable for Clause 50(5) of the Special Conditions of Contract.

INFORMATION SOURCE: WRC Report 1994

Rainfall station: Messina					
Rainfall station:					
Period:					
Month	N_n	R_n	Month	N_n	R_n
January	11	140	July	1	5
February	13	162	August	1	8
March	7	76	September	1	23
April	4	41	October	2	37
May	2	17	November	5	100
June	1	6	December	11	128

N_n = Average amount of days on which a rainfall of 10 mm or more has been recorded.
R_n = Average monthly rainfall in mm

The contractor will be expected to maintain on site a standard rain gauge for measurement of rainfall on day to day basis during the project implementation period.

Extensions of time in respect of Clause 42 in the General Conditions of Contract for Construction Works (2004) in respect of abnormal rainfall shall be calculated using the following formula for each calendar month or part thereof:

$$V = (N_w - N_n) + \frac{(R_w - R_n)}{X}$$

Where:

- V = Extension of time in calendar days in respect of the calendar month under consideration.
- N_w = Actual number of days during the calendar month on which a rainfall of 10 mm or more has been recorded.
- N_n = Average number of days in the relevant calendar month, as derived from existing rainfall records, on which a rainfall of 10mm or more has been recorded for the calendar month.
- R_w = Actual average rainfall in mm recorded for the calendar month under consideration.
- R_n = Average rainfall in mm for the calendar month as derived from existing rainfall records as stated in the Site Information.
- X = 20mm

For purposes of the Contract Nn, Rn and Nn shall have those values assigned to them in the table above based on figures from the WRC report 1994.

If V is negative and its absolute value exceeds Nn, then V shall be taken as equal to minus Nn.

The total extension of time shall be the algebraic sum of all monthly totals for the period under consideration, but if the total is negative the time for completion shall not be reduced due to subnormal rainfall. Extensions of time for part of a month shall be calculated using pro rata values of Nn and Rn.

This formula does not take account flood damage which could cause further or concurrent delays and will be treated separately as far as extension of time is concerned.

The factor (Nw – Nn) shall be considered to represent a fair allowance for variations from the average in the number of days during which rainfall exceeds 10 mm. The factor (Rw-Rn) shall be considered to represent a fair allowance for variations from the average in the number of days during which the rainfall did not exceed 10 mm but wet conditions prevented or disrupted work.

For the purpose of applying the formula, accurate rain gauging shall be taken at a suitable point on the Site and the Contractor shall at his own expense, take all necessary precautions to ensure that rain gauges cannot be interfered with by unauthorized persons.

PS 9 SECURITY CLEARANCE OF PERSONNEL

Service Providers to note that the Limpopo Department of Agriculture may require that Security Clearance investigations be conducted on any number of the service providers personnel.

If so required, by the Limpopo Department of Agriculture, the service provider must remove personnel as indicated immediately and ensure that they have no access to the works or documentation or any other information pertaining the site.

The Employer shall not be liable for any cost concerning the removal of personnel or the effect thereof on the execution of the work.

PS 10 HEALTH AND SAFETY

PS 10.1 General statement

It is a requirement of this contract that the Contractor shall provide a safe and healthy working environment and to direct all his activities in such a manner that his employees and any other persons, who may be directly affected by his activities, are not exposed to hazards to their health and safety. To this end the Contractor shall assume full responsibility to conform to all the provisions of the Occupational Health and Safety Act (OHSA) No 85 and Amendment Act No 181 of 1993, and the OHSA 1993 Construction Regulations 2003 issued on 18 July 2003 by the Department of Labour.

For the purpose of this contract the Contractor is required to confirm his status as mandatory and employer in his own right for the execution of the contract by entering into an agreement with the Employer in terms of the Occupational Health and Safety Act in the form as included in section C1.5.

PS 10.2 Health and Safety Specifications and Plans

(a) Employer's Health and Safety Specification

The Employer's Health and Safety Specification is included in Section C3.3, Part E of the Tender documents as part of the Particular Specifications.

(b) Service Providers Health and Safety Plan

The service provider shall submit with the Tender his own documented Health and Safety Plan he proposes to be implement for the execution of the work under the contract. The Health and Safety Plan must at least cover the following:

- (i) a proper risk assessment of the works, risk items, work methods and procedures in terms of Regulations 7 to 28;
- (ii) pro-active identification of potential hazards and unsafe working conditions;
- (iii) provision of a safe working environment and equipment;
- (iv) statements of methods to ensure the health and safety of subcontractors, employees and visitors to the site, including safety training in hazards and risk areas (*Regulation 5*);
- (v) monitoring health and safety on the site of works on a regular basis, and keeping of records and registers as provided for in the Construction Regulations;
- (vi) details of the Construction Supervisor, the Construction Safety Officers and other competent persons he intends to appoint for the construction works in terms of Regulation 6 and other applicable regulations; and
- (vii) details of methods to ensure that his Health and Safety Plan is carried out effectively in accordance with the Construction Regulations 2003.

The Contractor's Health and Safety Plan will be subject to approval by the Employer, or amendment if necessary, before commencement of construction work. The Contractor will not be allowed to commence work, or his work will be suspended if he had already commenced work, before he has obtained the Employer's written approval of his Health and Safety Plan.

Time lost due to delayed commencement or suspension of the work as a result of the Contractor's failure to obtain approval for his safety plan, shall not be used as a reason to claim for extension of time or standing time and related costs

PS 10.3 Cost of compliance with the OHS Act Construction Regulations

The rates and prices Tendered by the Contractor shall be deemed to include all costs for conforming to the requirements of the Act, the Construction Regulations and the Employer's Health and Safety Specification as applicable to this contract.

Should the Contractor fail to comply with the provisions of the Construction Regulations, he will be liable for penalties as provided in the Construction Regulations and in the Employer's Health and Safety Specification.

PS 11 SUB-CONTRACTORS

The Contractor shall have the right to cede any sub-contract under this contract to a subcontractor of his/her choice.

PS 12 DEVIATION FROM CONSTRUCTION PROGRAMME

The programme of work as required in terms of the "General Conditions of Contract 2nd edition (2010)" shall be submitted to the Engineer not later than fourteen days after the Commencement Date.

The Contractor shall take into account the requirements of the Occupational Health and Safety Act, as well as the Construction Regulations in the drafting of the programme.

The format shall not be in the form of a bar chart only, but shall also clearly indicate the anticipated quantity of work to be executed each month. The construction programme shall also clearly indicate the local and foreign labour to be utilised for the duration of the Contract.

If during the progress of the work, the quantities of the work performed per month fall below the expected indicated in the Construction programme, or if the sequence of operation is altered, or if the programme is deviated from in any other way, the Contractor shall, within one week after being notified by the Engineer, submit a revised construction programme.

Such a revised construction programme shall be based on the tempo of work achieved by the Contractor up

to the date of revision. Any proposal to increase the tempo of work must be accompanied by positive steps to increase production by providing more labour and plant on site or by using the available labour and plant in a more efficient manner.

Failure on the part of the Contractor to work according to the programme or revised programmes shall be sufficient reason for the Engineer to take steps as provided for in the "General Conditions of Contract – 2nd edition (2010)"

PS 13 DELAY IN COMPLETION

The Contractor shall organise the Works in such a manner that no delays occur. Delay due to faulty organisation or lack or shortage of materials or labour or co-operation with other parties or to any other cause within the control of the Contractor will not be countenanced and full power is reserved by the Engineer to order the Contractor to expedite the work should the work, in the opinion of the Engineer, not progress in a satisfactory way.

PS 14 SUPPLY OF MATERIALS

All material to be used in the Works is to be supplied by the Contractor.

The Contractor shall ensure that the work is not delayed due to the lack of materials on Site, by placing orders for material required under this Contract as soon as possible. No extension of time will be allowed for any delay due to the supply of materials.

Although the quantities have been carefully calculated, it must be considered as approximate only and the Contractor, before ordering any materials, should check the quantities required. The bill of quantities is provisional.

PS 15 EXECUTION OF THE WORKS

PS 15.1 Inspection by the Engineer

No portion of the work shall be proceeded with until the Engineer or his representative has examined and approved the previous stage. If any work is covered or hidden from view before the Engineer or his representative has inspected the work, the Contractor shall at his own cost expose the covered or hidden work for inspection. The Contractor shall also be responsible for making good any work damaged during the uncovering.

PS 15.2 Certificate of Completion

When all the work under the Contract have been completed to the entire satisfaction of the Engineer, he will issue a certificate of completion to the Contractor informing the Contractor of the date the date at which the works are deemed to be completed and accepted by the Employer.

The sureties provided by the Contractor for the fulfilment and completion of the Contract in terms of the Form of Agreement will be released upon the issue of the Certificate of Completion.

PS 16 EXISTING SERVICES

The Contractor shall make himself acquainted with the position of all existing services before any excavation or other work likely to affect the existing services is commenced.

The Contractor will be held responsible for any damage to known existing services caused by or arising out of his operations and any damage shall be made good at his own expense. Damage to unknown services shall be repaired as soon as possible and liability shall be determined on site when such damage should occur.

A provisional amount is included in the bill of quantities for the protection and/or shifting of services.

Two weeks prior to commencing construction activities in a particular area, the Contractor shall also diligently enquire of local landowners as to whether there are any other known services which have not been shown on the drawings but which may be affected by the construction activities in that area, and any such services shall be brought to the attention of the Engineer immediately. The contractor shall make provision in his programme for the location and/or shifting of services.

The Contractor shall take note of the requirements of the standard specifications with regard to services.

PS 17 LABOUR INTENSIVE SPECIFICATION

PS 17.1 Labour intensive competencies of supervisory and management staff

Contractors having a CIDB contractor grading designation of 2CE and higher shall only engage supervisory and management staff in labour intensive works who have either completed, or for the period 1 April 2004 to 30 June 2006, are registered for training towards, the skills programme outlined in Table 1.

The managing principal of the contractor, namely, a sole proprietor, the senior partner, the managing director or managing member of a close corporation, as relevant, having a contractor grading designation of 1CE and 2CE, shall have personally completed, or for the period 1 April 2004 to 30 June 2006 be registered on a skills programme for the NQF level 2. All other site supervisory staff in the employ of such contractors must have completed, or for the period 1 April 2004 to 30 June 2006 be registered on a skills programme for, the NQF level 2 unit standards or NQF level 4 unit standards.

Table 1: Skills programme for supervisory and management staff

Personnel	NQF level	Unit standard titles	Skills programme description
Team leader / supervisor	2	Apply Labour Intensive Construction Systems and Techniques to Work Activities	This unit standard must be completed, and any one of these 3 unit standards
		Use Labour Intensive Construction Methods to Construct and Maintain Roads and Stormwater Drainage	
		Use Labour Intensive Construction Methods to Construct and Maintain Water and Sanitation Services	
		Use Labour Intensive Construction Methods to Construct, Repair and Maintain Structures	
Foreman/ supervisor	4	Implement labour Intensive Construction Systems and Techniques	This unit standard must be completed, and any one of these 3 unit standards
		Use Labour Intensive Construction Methods to Construct and Maintain Roads and Stormwater Drainage	
		Use Labour Intensive Construction Methods to Construct and Maintain Water and Sanitation Services	
		Use Labour Intensive Construction Methods to Construct, Repair and Maintain Structures	
Site Agent / Manager (i.e. the contractor's most senior representative that is resident on the site)	5	Manage Labour Intensive Construction Processes	Skills Programme against this single unit standard

PS 17.2 Employment of unskilled and semi-skilled workers in labour-intensive works

PS 17.2.1 Requirements for the sourcing and engagement of labour.

Unskilled and semi-skilled labour required for the execution of all labour intensive works shall be engaged strictly in accordance with prevailing legislation and SANS 1914-5, Participation of Targeted Labour.

The rate of pay set for a day task is 90% of the statutory daily wage applicable for the areas.

Tasks established by the contractor must be such that:

- a) the average worker completes 5 tasks per week in 40 hours or less; and
- b) the weakest worker completes 5 tasks per week in 55 hours or less.

The contractor must revise the time taken to complete a task whenever it is established that the time taken to complete a weekly task is not within the requirements of 5.2.1.3.

The Contractor shall, through all available community structures, inform the local community of the labour intensive works and the employment opportunities presented thereby. Preference must be given to people with previous practical experience in construction and / or who come from households:

- a) where the head of the household has less than a primary school education.
- b) that has less than one full time person earning an income.
- c) where subsistence agriculture is the source of income.
- d) those who are not in receipt of any social security pension income

The Contractor shall endeavour to ensure that the expenditure on the employment of temporary workers is in the following proportions:

- a) 60 % women;
- b) 20% youth who are between the ages of 18 and 25; and
- c) 2% on persons with disabilities.

PS 17.2.2 Specific provisions pertaining to SANS 1914-5

Training of targeted labour

- a) The contractor shall provide all the necessary on-the-job training to targeted labour to enable such labour to master the basic work techniques required to undertake the work in accordance with the requirements of the contract in a manner that does not compromise worker health and safety.
- b) The cost of the formal training of targeted labour will be funded by the provincial office of the Department of Labour. This training should take place as close to the project site as practically possible. The contractor must access this training by informing the relevant provincial office of the Department of Labour in writing, within 14 days of being awarded the contract, of the likely number of persons that will undergo training and when such training is required. The employer must be furnished with a copy of this request.
- c) The contractor shall be responsible for scheduling the training of workers and shall take all reasonable steps to ensure that each beneficiary is provided with a minimum of six (6) days of formal training if he/she is employed for 3 months or less and a minimum of ten (10) days if he she is employed for 4 months or more.
- d) The contractor shall do nothing to dissuade targeted labour from participating in training programmes.
- e) An allowance equal to 100% of the task rate or daily rate shall be paid by the contractor to workers who attend formal training, in terms of d above.
- f) Proof of compliance with the requirements of b to e must be provided by the Contractor to the Employer prior to submission of the final payment certificate.

PART B: AMENDMENTS TO THE STANDARD SPECIFICATIONS

B1 PROJECT SPECIFICATIONS RELATING TO THE STANDARD SPECIFICATIONS AND OTHER ADDITIONAL SPECIFICATIONS

In certain clauses in the standard, standardised and particular specifications, allowance is made for a choice to be specified in the project specifications between alternative materials or methods of construction, and for additional requirements to be specified to suit a particular contract. Details of such alternative or additional requirements applicable to this contract are contained in this part of the project specifications. It also contains the necessary additional specifications required for this particular contract.

VARIATIONS TO REQUIREMENTS OF SPECIFICATIONS LISTED IN C3.1

PSAA SABS 1200 A : GENERAL (SMALL WORKS)

PSA 4.2: Contractor's Camp

No housing is available for the Contractor's employees and the Contractor shall make his own arrangements to house his employees and transport them to site.

PSA 6.2 Degree of Accuracy

A Degree of Accuracy II shall be applicable for the construction of the various portions of the Works.

PSC SABC 1200 C: SITE CLEARANCE

PSC 3.1 Disposal of Material

Disposal areas are not available on site. The Contractor shall locate his own disposal areas and shall remove and cart away any accumulation of material generated by his construction activities and not required for further use in the Works. The cost of loading, carting away and disposing of material shall be deemed to have been included in the excavation rates.

Care should be taken during clearing that no significant amounts of topsoil are being removed and pushed into windrows. Should that be found, contractor will move such topsoil back at his own cost.

PSDA: SABS 1200 DA: EARTHWORKS (SMALL WORKS)

PSD 3 Classification for Excavation Purposes

Delete Sub-Clause 3.1 and substitute the following:

Excavation shall mean excavating in all kinds of material met with the exception only of "Rock" as hereinafter defined and shall include for the grubbing up and clearing away of all old foundations, footings, manholes, drains, paving, etc, that may be encountered; and not claim by the Contractor in respect of such items will be allowed unless specified in the Schedules of Quantities.

PSD 3.1.3 Rock

"Rock" shall mean hard un-decomposed boulders exceeding one cubic meter each in volume and such hard stone occurring in bulk, banks or ledges, that practical excavation would require the use of explosives or drilling, wedging and splitting. Explosives may only be used if written permission has been obtained from the Engineer and there is no guarantee given or implied that this permission will be given.

Should the Contractor consider that any excavations encountered are in "rock" he shall immediately notify the Engineer in writing. Failing such notification, the excavations will be assumed to be in accordance with Clause PSD3 and will be measured and paid for accordingly.

The Engineer shall be the sole judge as to the classification of materials encountered in the excavations.

PSGA: SABS 1200 GA: CONCRETE (SMALL WORKS)

PSGA 5.1.2: Welding

Welding of reinforcement and steel pipes is permitted.

PSGA 5.4.1.6 Ready mixed concrete

Use of ready-mixed concrete is permitted, and the manufacturer's quality control system will be acceptable.

PSGA 5.4.7 Concrete Curing

Where suitable water for curing of the concrete is not readily available, the contractor is to allow for the use of an approved curing compound.

PSH SABS 1200 H: STRUCTURAL STEELWORKS

PSH 3.1 Materials: Structural Steel

The various grades of steel to be used in the works are shown on the drawings.

PSH 5.1.2 Drawings and Shop Details

The Contractor shall be responsible to prepare shop drawings which will be issued to the Engineer for approval.

C3.3 PARTICULAR SPECIFICATIONS

PART D: Environmental Management

PART E: OHS&A 1993 Health & Safety

LIMPOPO DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

A 3-YEAR FRAMEWORK AGREEMENT FOR THE CONSTRUCTION, INSTALLATION AND MAINTENANCE OF MECHANICAL AND ELECTRICAL WORKS ON FACILITIES, AND AGRICULTURAL DEVELOPMENTS IN THE LIMPOPO PROVINCE FOR A PERIOD OF THREE (3) YEARS

C3.3 PARTICULAR SPECIFICATIONS

In addition to the Standardised and Project Specifications the following Particular Specifications shall apply to this contract and are bound in hereafter.

PART D: Environmental Management

PART E: OHSA 1993 Health & Safety

C5. OPERATION AND MAINTENANCE MANUALS

The contractor prior to commissioning shall provide three copies of the Operation and Maintenance Manual. These manuals shall be of a standard acceptable to the Engineer and shall be subject to his approval. At least one set of manuals shall contain original copies.

Manuals shall be in English, shall be easy to use, practically and neatly presented, bound between plastic protected covers, clearly titled, well indexed and sectionalised and specifically applicable to the equipment supplied. Where standard manuals are used these shall be marked up to be unambiguously applicable to the equipment supplied. Drawings shall be held in plastic envelopes in the manual.

The manuals must contain the following:

- a) A description of the equipment supplied giving full details of name, manufacturer, model number, size design duty and design and performance data. This shall, inter alia, include the information called for in the Pump and Motor Data Forms – part of the bill of quantities.
- b) Descriptive and technical literature including clear and comprehensive performance curves specifically applicable to the equipment supplied. Re Pump curves and test certificates)
- c) Operating instructions supported by drawings, flow diagrams, explanatory sketches etc as may be necessary and including details of control and protection systems incorporated, and safety precautions which must be observed.
- d) Dimensional arrangement and layout drawings.
- e) A comprehensive lubricating schedule covering all equipment supplied with full details of recommended lubricants, initial fill lubricants used, capacities and lubrication periods.
- f) A comprehensive schedule of routine maintenance with timelines, for all equipment supplied.
- g) Assembly and disassembly instructions, supported by clear assembly and/or exploded view drawings.
- h) A comprehensive spare list for the equipment, complete referenced cross sectional drawings and indicating recommended spares. All information required for the ordering of spares to be given including manufacturer's part numbers, supplier's name and all identification information.
- i) Electrical circuit drawings.
- j) Copies of all Test Certificates.
- k) Documents, information and charts providing a full record of the results of the Tests on Completion.

C6. INSPECTION AND TESTING

C6.1 GENERAL

- a) The equipment supplied under this Contract shall be subject to inspection by the Engineer or his Nominated Agent at all stages of manufacture.
- b) The tests and commissioning procedure laid down below and such additional tests as the Engineer may reasonably require to prove compliance with the Specification shall be carried out at the

Contractor's Works and at Site.

- c) The Contractor shall give reasonable notice of time and place in writing to enable the Engineer to inspect and witness tests of materials and equipment. He shall provide the Engineer with facilities for witnessing these tests and for any additional tests or inspection of any portion of the Works as required by the Engineer.
- d) The Contractor shall at his own cost render all assistance and supply all labour appliance and any other materials as the Engineer may require to check the setting out, measure up and inspect any portions of the Works at any stage during fabrication, construction, erection or painting. During such operations the Contractor shall if required suspend any or all of the Works without having claim for loss or damage as a result thereof.
- e) The testing of the plant (or a part thereof) supplied under this Contract shall be carried out through its full operating range (or part thereof) as required by the Engineer. All such tests and inspections and the necessary inspection facilities shall be provided at the Contractor's expense.
- f) At the commencement of and during the whole of Commissioning and Testing Periods, the Contractor shall have available on site all essential spares and tools considered necessary to enable repair work of defective parts to be carried out immediately in the event of a breakdown.
- g) The Contractor shall be responsible for the proper operation and maintenance of the plant throughout the period of the tests.
- h) Acceptance by the Engineer of any plant item, following such inspection or tests, shall not relieve the Contractor of any obligations under this Contract.

C6.2 TESTING BEFORE DELIVERY

- a) All items of plant are subject to inspection at the manufacturer's works before despatch.
- b) Materials, components and electric motors shall be tested for compliance with relevant British or South African standards and certificates submitted in triplicate.

C6.3 TESTING AT SITE

- a) Welds

Welds shall be tested as required by the relevant Code of Practice.

Where the test pressure specified for individual items of equipment is less than the test pressure specified for the connecting pipe line the equipment shall be disconnected for the test and suitable make-up lengths of pipe work or plugged connections shall be installed to enable the pipe line tests to be carried out.

- b) Draining and cleaning

Upon completion of the pressure test on a section of pipe work the water used for testing shall be drained away as quickly as possible to remove as much dirt and dross. After completion of a pipe work circuit the circuit shall be flushed through to remove all pipe scale, dross and similar material.

The Contractor shall provide all necessary connections, by-pass pipes, temporary strainers, temporary make-up pieces, to enable the systems to be drained and cleaned.

d. Alignment

Alignment checks of all driven machinery are required and shall be witnessed by the Engineer and the results recorded.

e. Controls

All automatic control functions, alarm and safety cut-out devices shall be tested by operational or simulated tests and set-points and calibrations set and their settings recorded, all in the presence of the Engineer.

f. Performance Tests

Tests shall be carried out on all plant items to check that they are capable of their rated performance.

Each test shall be witnessed by the Engineer and a signed certificate of approval shall be issued by the Engineer upon completion of the tests to his satisfaction.

C6.4 TESTS ON COMPLETION

During completion of the balancing and commissioning of equipment the plant shall be brought into normal operation and the final adjustments of the equipment shall be made.

Thereafter the Tests on Completion in terms of the Conditions of Contract shall be carried out to ensure that the plant will fulfil the functions for which it has been designed.

Such tests shall include the following:

- a) Simulated tests for all alarm and safety cut out equipment to prove the operation of the equipment.
- b) Simulation tests on automatic controls to prove the ability of the controls to correct the conditions outside the required design parameters needs to be done by the Contractor. The tests shall be carried out by manually changing the desired values to produce an incorrect condition and then re-setting the controls to the design conditions and checking the operation of valves, etc, to restore the design conditions.

The Contractor shall provide all necessary temporary measuring and recording equipment. The equipment shall be of a type generally used for this type of testing and shall be to the approval of the Engineer. All instruments shall be accurately calibrated before the tests begin.

On completion of the whole of the tests and when the Contractor is satisfied that the entire plant is operating satisfactorily and will fulfil the function for which it has been supplied, he shall submit to the Engineer triplicate copies of all test records and charts together with reports on all the tests called for in this Specification.

The Engineer shall reserve the right to ask for any reasonable additional tests or for the repetition of previous tests in order to prove that the operation of the plant is satisfactory and in accordance with the Specification and Drawings.

C6.5 TEST CERTIFICATES

The Contractor shall provide three copies of test certificates for the installed pumps and materials and equipment specified for testing. Further copies are to be bound into the manuals to be supplied.

PART D: ENVIRONMENTAL MANAGEMENT SPECIFICATION

D.1 General

In order to ensure that the construction works is carried out in an environmentally sensitive matter, strict compliance to the Environmental Management Plan (EMP) guidelines is required. The purpose of the EMP is to:

- Encourage good management practices through planning and commitment to environmental issues,
- Provide rational and practical environmental guidelines to:
 - i. Minimise disturbance of the natural environment,
 - ii. Prevent pollution of land, air and water,
 - iii. Prevent soil erosion and facilitate re-vegetation.
- Adopt the best practicable means available to prevent or minimise adverse environmental impact,
- Develop waste management practices based on prevention, minimisation, recycling, treatment or disposal of wastes,
- Train employees and contractors with regard to environmental obligations.

D.2 Training and Induction of Employees

- The Contractor has a responsibility to ensure that all those people involved in the project are aware of and familiar with the environmental requirements for the project (this includes sub-contractors, casual labour, etc.). The EMP shall be part of the terms of reference for all contractors, sub-contractors and suppliers.

D.3 Complaints Register and Environmental Incident Book

Any complaints received by the project team from the public will be recorded. The complaint should be brought to the attention of the site manager, who will respond.

The following information must be recorded:

- Time, date and nature of the complaint,
- Type of communication (telephone, letter etc),
- Name, contact address and telephone number of the complainant,
- Response and investigation undertaken and
- Actions taken and by whom.

All complaints received will be investigated and a response give to the complainant within 14 days.

All environmental incidents occurring on the site will be recorded. The following information will be provided:

- Time, date, location and nature of the incident,
- Actions taken and by whom.

D.4 Site Cleanliness and Neatness

- Location of a construction camp is to be approved by the Engineer and is to be restored to its previous condition after completion of construction.
- The construction camp should preferably be fenced with a 1.8m bonnox fence or similar approved.
- All materials, equipment, plant and vehicles must be stored within the construction camp.
- A dedicated area must be made available for construction staff to change and store their personal belongings.

D.5 Access

- Access to existing roads, schools, buildings, shop and residential properties must not be impeded during construction.
- Access roads utilised by the Contractor must be maintained in good condition.

D.6 Borrow Pits

- Mining authorisations (permits) for borrow pits must be obtained from the Department of Minerals and Energy (DME) in consultation with the Department of Water Affairs and Forestry (DWAF).
- Spoil dumps resulting from borrow pits must not interfere with any natural surface drainage.
- Borrow pits must be rehabilitated after use in accordance with the requirements of DME and DWAF.

D.7 Dust Control / Air Quality

- Dust suppression measures must be implemented during construction by ensuring that all surfaces prone to dust generation are kept damp (e.g. use of water tanker).
- Ensure that vehicles and equipment are in good working conditions and that emissions are not excessive.
- Ensure that vehicles and equipment are in good working conditions and that emissions are not excessive.
- Special care must be taken in areas where the route passes close to schools and residential areas.
- The speed of construction vehicles must be reduced.

D.8 Fauna

- Contractor staff may not chase, catch or kill animals encountered during construction.

D.9 Fire Prevention and Control

- Smoking is prohibited in the vicinity of flammable substances.
- The contractor must ensure that fire-fighting equipment is available on site, particularly where flammable substances are being stored or used, and that construction staff are aware of where it is kept and how it is operated.
- Fires started for comfort (warmth) are prohibited, due to the risk of veld fires and risk to adjacent property owner's lands.

D.10 Grave sites

- Gravesites in close proximity to the road must not be disturbed during construction.

D.11 Materials Handling and Spills Management

- Any hazardous materials to be used during construction (e.g. lime, fuel, paint, etc) are to be stored in a designated area at the campsite.
- The storage containers/facilities (including any diesel/petrol tanks) must be placed on an impermeable surface and surrounded by a bund wall, in order to ensure that accidental spillage does not pollute the environment.
- Workers must at all times be made aware of the health and safety risks associated with any hazardous substances used (e.g. smoking near fuel tanks), and must be provided with appropriate protective clothing/equipment in case of spillages or accidents.
- Ensure all staff and contractors undergo relevant training in the maintenance of equipment to prevent the accidental discharge or spill of fuel, oil, lubricants and other chemicals.
- Any spill of potentially hazardous materials must be cleaned up immediately (Potentially hazardous materials on site include paint, oil, grease, fuel, turpentine, etc).
- The area of contaminated soil or spill must be deposited into the hazardous waste

container(s).

- The contractor should keep Peat Sorb or a similar absorbent on site to clean up any spills.
- The absorbent must be stored in a designated area and be available for inspection.
- All spills are to be recorded in the environmental incident book.

D.12 Noise

- Noise generating activities must be restricted to between 07h00 and 17h00 Monday to Friday, unless otherwise approved by the appropriate competent person in consultation with adjacent landowners/affected persons.
- All equipment, vehicles and machinery must be in good working conditions and be equipped with sound mufflers if necessary.
- Construction staff must be trained and made aware of not creating unnecessary noise such as hooting and shouting.

D.13 Pollution Control

- Soil and water pollution through usage of fuel, oil, paint, bitumen or other hazardous substances must be avoided.
- All construction vehicles are to be maintained in good working order so as to prevent soil or water pollution from oil, fuel or other leaks, and to reduce noise pollution.

D.14 Rivers and Streams

- During construction of bridge structures, there must be no obstruction of the water flow of rivers and streams.
- Excavated material must not be stockpiled on or near riverbanks, in order to prevent sedimentation occurring.
- Erosion control measures must be employed both during and after construction.
- No impediments to natural surface water flow, other than approved erosion control measures, must occur.

D.15 Safety

- Safety measures, such as detour signs, must be implemented during construction to ensure the safety of workers, pedestrians and drivers/passengers in vehicles in the vicinity of construction work.
- Special care must be taken in the vicinity of schools to ensure the safety of children wishing to cross the road under construction.
- The relevant signage (e.g. speed control signs) must be erected alongside the road during the operation phase in order to control traffic.
- Accommodation must be made for pedestrian pathways alongside the road during the construction and operation phases.

D.16 Soil Management

- Storm water drainage pipes must be installed alongside the road in all areas susceptible to soil erosion.
- Erosion should be minimised by the construction of meadow drains and the planting of indigenous vegetation on the side slopes and drains to reduce flow velocity of stormwater.
- Spoil from cuts may be used in existing erosion galleys.
- Stone pitching and gabions should be constructed at pipe culvert outlets.
- Accidental spills of contaminants onto the ground e.g. oil, concrete, fuel and chemicals should be removed together with the contaminated soil.
- If necessary an absorbent such as Peat Sorb should be used the aid in cleaning up the spill. The contaminated soil should be disposed of in an appropriate container, depending on its classification.
- Servicing and re-fuelling of vehicles must only be carried out at construction camp.

D.17 Worker Conduct

Code of Conduct for Construction Personnel:

- Do not leave the construction site untidy and strewn with rubbish which will attract animal pests.
- Do not set fires.
- Do not cause any unnecessary, disturbing noise at the construction camp/site or at any designated worker collection/drop off points.
- Do not drive a construction-related vehicle under the influence of alcohol.
- Do not exceed the national speed limits on public roads or exceed the recommended speed limits on the site.
- Do not drive a vehicle which is generating excessive noise or gaseous pollution (noisy vehicles must be reported and repaired as soon as possible).
- Do not litter along the roadsides, including both the public and private roads.
- Do not pollute any water bodies (whether flowing or not).
- No member of the construction team is allowed to enter the areas outside the construction site.

D.18 Traffic Disturbances and Diversions

- Any traffic diversions must be undertaken with the approval of all relevant authorities and in accordance with all relevant legislation.
- Wherever possible, traffic diversion must only take place on existing disturbed areas and remain within the existing road reserve.
- Traffic diversion routes must be rehabilitated after use.

D.19 Vegetation

- Only vegetation falling directly on the route must be removed where necessary.
- Alien vegetation within the road reserve must be eradicated, and management measures must be implemented for future control of these species.
- Vegetation that has been removed from large areas (e.g. on traffic diversion routes) during construction must be replaced with indigenous vegetation after construction has been completed.

D.20 Waste Management

- All general, non-hazardous waste must be placed in a skip container and disposed of at a registered waste disposal site.
- The container is to ensure that the portable toilet facilities at the campsite are properly maintained and in working order.
- No disposal, or leakage, of sewage must occur on or near the site.
- All hazardous waste (e.g. oil, plant empty lime bags, contaminated wash water, etc) must be stored in leakproof containers and disposed of a registered hazardous waste disposal site.
- The contents of waste storage containers must, under no circumstances, be emptied to the surrounding area. In general, littering, discarding or burying of any materials is not allowed on site or along the route.
- Adequate waste receptacles must be available at strategic points around the construction camp and site for all domestic refuse and to minimise the occurrence of littering.
- Concrete rubble must be collected and disposed of as directed by the Project Manager.
- Each working area must be cleared of litter and building waste (e.g. rubble, wood, concrete packets etc) on completion of the day's work.
- Any spill around the container(s) should be treated as per Section C11 and C16.

PART E: OHSA 1993 HEALTH AND SAFETY SPECIFICATION

E1 SCOPE

This specification covers the health and safety requirements to be met by the Contractor to ensure a continued safe and healthy environment for all workers, employees and subcontractors under his control and for all other persons entering the site of works.

This specification shall be read with the Occupational Health and Safety Act (Act No 85 and amendment Act No 181) 1993, and the corresponding Construction Regulations 2003, and all other safety codes and specifications referred to in the said Construction Regulations.

In terms of the OHS Agreement in Section C1.2.4 of the Contract document, the status of the Contractor as mandatory to the Employer (client) is that of an employer in his own right, responsible to comply with all provisions of OHS 1993 and the Construction Regulations 2003.

This safety specification and the Contractor's own Safety Plan as well as the Construction Regulations 2003, shall be displayed on site or made available for inspection by all workers, employees, inspectors and any other persons entering the site of works.

The following are possible risks associated with this project:

- Working with electrically powered equipment in the pump stations, with potential for electrical shock and fire.
- Working on the side of the tar road with the necessity of persons and equipment having to cross the road in face of oncoming traffic.
- Erection of travelling gun, with potential of electrical shock due to faulty electrical installations etc.
- Dusty conditions resulting from land clearing and preparation activities.
- Possibility of lightning strikes when electrical storms are prevalent during the summer months.
- Possibility of runaway veld fires resulting from burning of de-bushed vegetation.
- Potentially dangerous existing services, i.e. gas lines, water and sewage mains, electrical high voltage cables, buried and overhead
- Deep excavations in soils requiring shoring or reducing of slopes
- Blasting of hard rock or demolition of concrete
- High pressure during testing of the pipe lines, which could result in potentially dangerous situations in the event of the pipeline or fittings failing
- Movement of construction vehicles on site, taking into consideration steep slopes, other traffic and existing services
- Exposure to possible injuries due to mishandling or failure of power and hand tools
- Non-conformance to specifications with regards to fasteners and materials
- Risks related to general safety and security on site

Additional risks may arise from specific methods of construction selected by the Contractor which are not necessary covered in the above.

E2 DEFINITIONS

For the purpose of this contract the following shall apply:

- (a) **Employer** where used in the contract documents and in this specification, means the Employer as defined in the General Conditions of Contract and it shall have the exact same meaning as **client** as defined in the Construction Regulations 2003. **Employer** and **client** is therefore interchangeable and shall be read in the context of the relevant document.
- (b) **Contractor** wherever used in the contract documents and in this specification, shall have the same meaning as **Contractor** as defined in the General Conditions of Contract.

In this specification the terms “**principal contractor**” and “**contractor**” are replaced with “**Contractor**” and “**subcontractor**” respectively.

For the purpose of this contract the **Contractor** will, in terms of OHS Act 1993, be the mandatory, without derogating from his status as an employer in his own right.

- (c) “**Engineer**” where used in this specification, means the Engineer as defined in the General Conditions of Contract. In terms of the Construction Regulations the Engineer may act as agent on behalf of the Employer (the client as defined in the Construction Regulations).

E3 TENDERS

The Contractor shall submit the following with his tender:

- (a) a documented Health and Safety Plan as stipulated in Regulation 5 of the Construction Regulations. The Safety Plan must be based on the Construction Regulations 2003 and will be subject to approval by the Employer;
- (b) a declaration to the effect that he has the competence and necessary resources to carry out the work safely in compliance with the Construction Regulations 2003;
- (c) a declaration to the effect that he made provision in his tender for the cost of the health and safety measures envisaged in the Construction Regulations.
- (d) Failure to submit the foregoing with his tender, will lead to the conclusion that the Contractor will not be able to carry out the work under the contract safely in accordance with the Construction Regulations.

E4 NOTIFICATION OF COMMENCEMENT OF CONSTRUCTION WORK

After award of the contract, but before commencement of construction work, the Contractor shall, in terms of Regulation 3, notify the Provincial Director of the Department of Labour in writing if the following work is involved:

- (a) the demolition of structures and dismantling of fixed plant of height of 3,0m or more;
- (b) the use of explosives;
- (c) construction work that will exceed 30 days or 300 person-days;
- (e) excavation work deeper than 1,0m; or
- (f) working at a height greater than 3,0m above ground or landings.

The notification must be done in the form of the pro forma included under Section 9 (Forms to be completed by Successful Tenderer) of the tender document.

A copy of the notification form must be kept on site, available for inspection by inspectors, Employer, Engineer, employees and persons on site.

E5 RISK ASSESSMENT

Before commencement of any construction work during the construction period, the Contractor shall have a risk assessment performed and recorded in writing by a competent person. (Refer Regulation 7 of the Construction Regulations 2003).

The risk assessment shall identify and evaluate the risks and hazards that may be expected during the execution of the work under the contract, and it shall include a documented plan of safe work procedures to mitigate, reduce or control the risks and hazards identified.

The risk assessment shall be available on site for inspection by inspectors, Employer, Engineer, subcontractors, employees, trade unions and health and safety committee members, and must be

monitored and reviewed periodically by the Contractor.

E6 APPOINTMENT OF EMPLOYEES AND SUBCONTRACTORS

E6.1 Health and Safety plan

The Contractor shall appoint his employees and any subcontractors to be employed on the contract, in writing, and he shall provide them with a copy of his documented Health and Safety Plan, or relevant sections thereof. The Contractor shall ensure that all subcontractors and employees are committed to the implementation of his Safety Plan.

E6.2 Health and safety induction training

The Contractor shall ensure that all employees under his control, including subcontractors and their employees, undergo a health and safety induction training course by a competent person before commencement of construction work. No visitor or other person shall be allowed or permitted to enter the site of the works unless such person has undergone health and safety training pertaining to hazards prevalent on site.

The Contractor shall ensure that every employee on site shall at all times be in possession of proof of the health and safety induction training issued by a competent person prior to commencement of construction work.

E7. APPOINTMENT OF SAFETY PERSONNEL

E7.1 Construction Supervisor

The Contractor shall appoint a full-time **Construction Supervisor** with the duty of supervising the performance of the construction work.

He may also have to appoint one or more competent employees to assist the construction supervisor where justified by the scope and complexity of the works.

E7.2 Construction safety officer

Taking into consideration the size of the project and the hazards or dangers that can be expected, the Contractor shall appoint in writing a full-time or part-time **Construction Safety Officer** if so decided by the Inspector of the Department of Labour. The Safety Officer shall have the necessary competence and resources to perform his duties diligently.

Provision shall be made by the Contractor in his rates, to cover the cost of this dedicated construction safety officer appointed after award of the contract.

E7.3 Health and safety representatives

In terms of **Section 17 and 18 of the Act (OHSA 1993)** the Contractor, being the employer in terms of the Act for the execution of the contract, shall appoint a **health and safety representative** whenever he has more than 20 employees in his employment on the site of the works. The health and safety representative must be selected from employees who are employed in a full-time capacity at a specific workplace.

The number of health and safety representatives for a workplace shall be at least one for every 100 employees.

The function of health and safety representative(s) will be to review the effectiveness of health and safety measures, to identify potential hazards and major incidents, to examine causes of incidents (in collaboration with his employer, the Contractor), to investigate complaints by employees relating to health and safety at work, to make representations to the employer (Contractor) or inspector on general matters affecting the health and safety of employees, to inspect the workplace, plant, machinery etc. on a regular base, to participate in consultations with inspectors and to attend meetings of the health and safety

committee.

E7.4 Health and safety committee

In terms of Sections **17 and 18 of the Act (OHS Act 1993)** the Contractor (as employer), shall establish one or more **health and safety committee(s)** where there are two or more health and safety representatives at a workplace. The persons selected by the Contractor to serve on the committee shall be designated in writing.

The function of the health and safety committee shall be to hold meetings at regular intervals, but at least once every three months, to review the health and safety measures on the contract, to discuss incidents related to health and safety with the Contractor and the inspector, and to make recommendations regarding health and safety to the Contractor and to keep record of recommendations and reports made by the committee.

E7.5 Competent persons

In accordance with the Construction Regulations the Contractor has to appoint in writing **competent persons** responsible for supervising construction work on each of the following work situations that may be expected on the site of the works.

- (a) Risk assessment and induction training as described in Regulation 7 of the Construction Regulations;
- (b) Fall protection as described in Regulation 8;
- (c) Formwork and support work as described in Regulation 10;
- (f) Excavation work as described in Regulation 11;
- (g) Demolition work as described in Regulation 12;
- (h) Scaffolding work as described in Regulation 14;
- (i) Suspended platform operations as described in Regulation 15;
- (j) Material hoists as described in Regulation 17;
- (k) Batch plant operations as described in Regulation 18;
- (l) Explosive powered tools as described in Regulation 19;
- (m) Cranes as described in Regulation 20;
- (n) Construction vehicle and mobile plant inspections on a daily basis by a competent person as described in Regulation 21(1);
- (o) Control of all temporary electrical installation on the construction site as described in Regulation 22;
- (p) Stacking and storage on construction sites as described in Regulation 26; and
- (q) Inspections of fire equipment as described in Regulation 27.

A competent person may be appointed for more than one part of the construction work with the understanding that the person must be suitably qualified and able to supervise at the same time the construction work on all the work situations for which he has been appointed.

The appointment of competent persons to supervise parts of the construction work does not relieve the Contractor from any of his responsibilities to comply with **all** requirements of the Construction Regulations.

E8. RECORDS AND REGISTERS

In accordance with the Construction Regulations the Contractor is bound to keep records and registers related to health and safety on site for periodic inspection by inspectors, the Engineer, the Employer, trade union officials and subcontractors and employees. The following records and registers must be kept on site and shall be available for inspection at all times.

- (a) A copy of the OHS Act 1993 Construction Regulations 2003;
- (b) A copy of this Health and Safety Specification;
- (c) A copy of the Contractor's Health and Safety Plan (Regulation 4);
- (d) A copy of the Notification of Construction Work (Regulation 3);
- (e) A health and safety file in terms of Regulation 5(7) with inputs by the Construction Safety Officer (Regulation 6(7));
- (f) A copy of the risk assessment described in Regulation 7;

- (g) A full protection plan and the corresponding records of evaluation and training of employees working from elevated positions as described in Regulation 8;
- (h) Drawings pertaining to the design of structures (Regulation 9(3)) and formwork and support work structures (Regulation 10(d)) must be kept on site;
- (i) Pronouncement of the safety of excavations must be recorded in a register to be kept on site (Regulation 11(3)(h));
- (j) A copy of the certificate of the system design for suspended platforms (Regulation 15(3));
- (k) A notice must be affixed around the base towers of material hoists to indicate the maximum mass load, which may be carried at any one time by material hoists (Regulation 7(5));
- (l) Maintenance records of material hoists and inspection results must be kept in a record book to be kept on site (Regulation 17(8));
- (m) A record of any repairs to or maintenance of a batch plant must be kept on site (Regulations 18(9));
- (n) A warning notice must be displayed in a conspicuous manner when and wherever an explosive powered tool is used (Regulation 19(2));
- (o) A register for recording of findings by the competent person appointed to inspect construction vehicles and mobile plant (Regulation 21(1)(j)).

E9. CONTRACTORS RESPONSIBILITIES

For this contract the Contractor will be the mandatory of the Employer (Client), as defined in the Act (OHSA 1993), which means that the Contractor has the status of employer in his own right in respect of the contract. The Contractor is therefore responsible for all the duties and obligations of an employer as set out in the Act (OHSA 1993) and the Construction Regulations 2003.

Before commencement of work under the contract, the Contractor shall enter into an agreement with the Employer (Client) to confirm his status as mandatory (employer) for the contract under consideration.

The Contractor's duties and responsibilities are clearly set out in the Construction Regulations 2003, and are not repeated in detail but some important aspects are highlighted hereafter, without relieving the Contractor of any of his duties and responsibilities in terms of the Construction Regulations.

(a) Contractor's position in relation to the Employer (Client) (Regulation 4)

In accordance with Section 4 of the Regulations, the Contractor shall liaise closely with the Employer or the Engineer on behalf of the Employer, to ensure that all requirements of the Act and the Regulations are met and complied with.

(b) The Principal Contractor and Contractor (Regulation 5)

The Contractor is in terms of the definition in Regulation 2(b) the equivalent of Principle Contractor as defined in the Construction Regulations, and he shall comply with all the provisions of Regulation 5.

Any subcontractors employed by the Contractor must be appointed in writing, setting out the terms of the appointment in respect of health and safety. An independent subcontractor shall however provide and demonstrate to the Contractor a suitable, acceptable and sufficiently documented health and safety plan before commencement of the subcontract. In the absence of such a health and safety plan the subcontractor shall undertake in writing that he will comply with the Contractor's safety plan, the health and safety specifications of the Employer and the Construction Regulations 2003.

(c) Supervision of construction work (Regulation 6)

The Contractor shall appoint the safety and other personnel and employees as required in terms of Regulation 6 and as set out in paragraph 7 above. Appointment of those personnel and employees does not relieve the Contractor from any of the obligations under Regulation 6.

(d) Risk assessment (Regulation 7)

The Contractor shall have the risk assessment made as set out in paragraph 7 above before commencement of the work and it must be available on site for inspection at all times. The Contractor shall consult with the health and safety committee or health and safety representative(s) etc. on a regular basis to ensure that all employees, including subcontractors under his control, are informed and trained by a competent person regarding health hazards and related work procedures.

No subcontractor, employee or visitor shall be allowed to enter the site of works without prior health and safety induction training, all as specified in Regulation 7.

(e) Fall protection (Regulation 8)

Fall protection, if applicable to this contract shall comply in all respects with Regulation 8 of the Construction Regulations.

(f) Structures (Regulation 9)

The Contractor will be liable for all claims arising from collapse or failure of structures if he failed to comply with all the specifications, project specifications and drawings related to the structures, unless it can be proved that such collapse or failure can be attributed to faulty design or insufficient design standards on which the specifications and the drawings are based.

In addition the Contractor shall comply with all aspects of Regulation 9 of the Construction Regulations.

(g) Formwork and support work (Regulation 10)

The Contractor will be responsible for the adequate design of all formwork and support structures by a competent person.

All drawings pertaining to formwork shall be kept on site and all equipment and materials used in formwork, shall be carefully examined and checked for suitability by a competent person.

The provisions of Regulation 10 of the Construction Regulations shall be followed in every detail.

(h) Excavation work (Regulation 11)

It is essential that the Contractor shall follow the instructions and precautions in the Standard Specifications and Project Specifications as well as the provisions of the Construction Regulations to the letter as unsafe excavations can be a major hazard on any construction site. The Contractor shall therefore ensure that all excavation work is carried out under the supervision of a competent person, that inspections are carried out by a Professional Engineer or Technologist, and that all work is done in such a manner that no hazards are created by unsafe excavations and working conditions.

Supervision by a competent person will not relieve the Contractor from any of his duties and responsibilities under Regulation 11 of the Construction Regulations.

(i) Demolition work (Regulation 12)

Whenever demolition work is included in a contract, the Contractor shall comply with all the requirements of Regulation 12 of the Construction Regulations. The fact that a competent person has to be appointed by the Contractor does not relieve the Contractor from any of his responsibilities in respect of safety of demolition work.

(j) Tunnelling (Regulation 13)

The Contractor shall comply with Regulation 13 wherever tunnelling of any kind is involved.

(k) Scaffolding (Regulation 14)

The Contractor shall ensure that all the provisions of Regulation 14 of the Construction Regulations are complied with. [Note: Reference in the Regulations to "Section 44 of the Act" should read "Section 43 of the Act"].

(l) Suspended platforms (Regulation 15)

Wherever suspended platforms will be necessary on any contract, the Contractor shall ensure that copies of the system design issued by a Professional Engineer are submitted to the Engineer for inspection and approval. The Contractor shall appoint competent persons as supervisors and competent scaffold erectors, operators and inspectors and ensure that all work related to suspended platforms are done in accordance with Regulation 15 of the Construction Regulations.

(m) Boatswain's chains (Regulation 16)

Where boatswain's chains are required on the construction site, the Contractor shall comply with Regulation 16.

(n) Material Hoists (Regulation 17)

Wherever applicable, the Contractor shall comply with the provisions of Regulation 17 to the letter.

(o) Batch plants (Regulation 18)

Wherever applicable, the Contractor shall ensure that all lifting machines, lifting tackle, conveyors, etc. used in the operation of a batch plant shall comply with, and that all operators, supervisors and employees are strictly held to the provisions of Regulation 18. The Contractor shall ensure that the General Safety Regulations (Government Notice R1031 of 30 May 1986), the Driven Machinery Regulations (Government Notice R295 of 26/2/1988) and the Electrical Installation Regulations (Government Notice R2271 of 11/10/1995) are adhered to by all involved.

In terms of the Regulations, records of repairs and maintenance shall be kept on site.

(p) Explosive powered tools (Regulation 19)

The Contractor shall ensure that, wherever explosive-powered tools are required to be used, all safety provisions of Regulation 19 are complied with.

It is especially important that warning notices are displayed and that the issue and return of cartridges and spent cartridges be recorded in a register to be kept on site.

(q) Cranes (Regulation 20)

Wherever the use of tower cranes becomes necessary, the provisions of Regulation 20 shall be complied with.

(r) Construction vehicles And mobile plant (Regulation 21)

The Contractor shall ensure that all construction vehicles and plant are in good working condition and safe for use, and that they are used in accordance with their design and intended use. The vehicles and plant shall only be operated by workers or operators who have received appropriate training, all in accordance with all the requirements of Regulation 21.

All vehicles and plant must be inspected on a daily basis, prior to use, by a competent person and the findings must be recorded in a register to be kept on site.

(s) Electrical installation and machinery on construction sites (Regulation 22)

The Contractor shall comply with the Electrical Installation Regulations (Government Notice R2920 of 23 October 1992) and the Electrical Machinery Regulations (Government Notice R1953 of 12 August 1993). Before commencement of construction, the Contractor shall take adequate steps to ascertain the presence of, and guard against dangers and hazards due to electrical cables and apparatus under, over or on the site.

All temporary electrical installations on the site shall be under the control of a competent person, without relieving the Contractor of his responsibility for the health and safety of all workers and persons on site in terms of Regulation 22.

(t) Use of temporary storage of flammable liquids on construction sites (Regulation 23)

The Contractor shall comply with the provisions of the General Safety Regulations (Government Notice R1031 of 30 May 1986) and all the provisions of Regulation 23 of the Construction Regulations to ensure a safe and hazard-free environment to all workers and other persons on site.

(u) Water environments (Regulation 24)

Where construction work is done over or in close proximity to water, the provisions of Regulation 24 shall apply.

(v) Housekeeping on Construction sites (Regulation 25)

Housekeeping on all construction sites shall be in accordance with the provisions of the environment Regulations for workplaces (Government Notice R2281 of 16 October 1987) and all the provisions of Regulation 25 of the Construction Regulations.

(w) Stacking and storage on construction sites (Regulation 26)

The provisions for the stacking of articles contained in the General Safety Regulations (Government Notice R1031 of 30 May 1986) as well as all the provisions Regulation 26 of the Construction Regulations shall apply.

(x) Fire precautions on construction sites (Regulation 27)

The provisions of the Environmental Regulations for Workplaces (Government Notice R2281 of 16 October 1987) shall apply.

In addition the necessary precautions shall be taken to prevent the incidence of fires, to provide adequate and sufficient fire protection equipment, sirens, escape routes etc. all in accordance with Regulation 27 of the Construction Regulations.

(y) Construction welfare facilities (Regulation 28)

The Contractor shall comply with the construction site provisions as in the Facilities Regulations (Government Notice R1593 of 12 August 1988) and the provisions of Regulation 28 of the Construction Regulations.

(z) Non-compliance with the Construction Regulations 2003

The foregoing is a summary of parts of the Construction Regulations applicable to all construction projects.

The Contractor, as employer for the execution of the contract, shall ensure that all provisions of the Construction Regulations applicable to the contract under consideration are complied with to the letter.

Should the Contractor fail to comply with the provisions of the Regulations 3 to 28 as listed in Regulation 30, he will be guilty of an offence and will be liable, upon conviction, to the fines or

imprisonment as set out in Regulation 30.

The Contractor is advised in his own interest to make a careful study of the Act and the Construction Regulations as ignorance of the Act and the Regulations will not be accepted in any proceedings related to non-conformance to the Act and the Regulations.

E10. MEASUREMENT AND PAYMENT

E10.1 Principles

It is a condition of this contract that Contractors, who submit tenders for this contract, shall make provision in their tenders for the cost of all health and safety measures during the construction process. All associated activities and expenditure are deemed to be included in the Contractor's tendered rates and prices.

(a) Safety personnel

The Construction Supervisor, the Construction Safety Officer, Health and Safety Representatives, Health and Safety Committee and Competent Persons referred to in clauses 7.1 to 7.5 shall be members of the Contractor's personnel, and no additional payment will be made for the appointment of such safety personnel.

(b) Records and Registers

The keeping of health and safety-related records and registers as described in 8 is regarded as a normal duty of the Contractor for which no additional payment will be considered, and which is deemed to be included in the Contractor's tendered rates and prices.

PART C 4: SITE INFORMATION

C4.1: LOCALITY PLAN
