6.3 APPLICATION OF PREFERENCE POINT SYSTEM

6.3.1 80/20 PREFERENCE POINT SYSTEM FOR GOODS AND SERVICES

- a. The preferential points will be allocated for specific goals as prescribed in Section 2 of the Preferential Procurement Policy Framework Act (5 of 2000).
- b. The following formula must be used to calculate the points for price of tenders/procurement (quotations) including "tenders for income generating contracts" with Rand Value below a Million to be calculated as per the below table inclusive of all applicable taxes:

$$Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin}\right)$$

Where:

Ps = Points scored for price of bid under consideration

Pt = Rand value of tender consideration

Pmin = Rand value of lowest acceptable tender

c. A maximum of **20 points** will be awarded in accordance with the table below:

| NO | SPECIFIC GOALS | 20 POINTS | MEANS OF VERIFICATION |
|----|---|--------------|--|
| 1 | Black People ownership > 51% | 6 | CSD Report and copy of company registration document |
| 2 | Women Ownership > 51% | 5 | Identity Document |
| 3 | Persons with Disability Ownership >51% | 4 | Latest three (3) months valid Medical report from the registered medical practitioner and CSD Report |
| 4 | Youth Ownership >51% | 5 | Identity Document |
| | TOTAL POINTS | 20 | |

- d. The points scored by a tenderer in respect of the specific goals above must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.
- e. Only the tender with the highest number of points scored may be selected for an award.

7. ARITHMETICAL ERRORS

- **7.1** The SCMU official checks all bids for arithmetical errors. Where errors occur, they are corrected as follows:
 - **7.1.1** where there is a difference between the amounts in figures and in words, the amount in words overrules the amount in figures.
 - **7.1.2** where the line-item total differs from the unit rate multiplied by the quantity, the value of the unit rate multiplied by the quantity overrules the quoted total, unless there is an obvious misplacement of the decimal point in the unit rate, in which case the line- item total is accepted, and the unit rate is corrected;

- **7.1.3** where there is an error in the total of the prices, either as a result of corrections made by the SCMU or of a mistake in addition by the bidder, the buyer corrects the total; and;
- **7.1.4** the SCMU informs the bidder of the needed corrections and requires that he accept these in writing or withdraws his bid. If the bidder does not accept the corrections, his bid is withdrawn from evaluation. The SCMU does not give the bidder the opportunity to stand by a lower but uncorrected price.

8.NEGOTIATIONS

Bidders should note that the department might subject the successful bidder to negotiations for fair market related prices.
